

DANGER: Corrosive, causes eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Irritating to nose and throat. Avoid breathing dust. May cause burns to broken skin. Wash hands after handling.

FIRST AID: If swallowed, feed gruel, cooked cereal, or bread soaked in milk, followed by olive oil or cooking oil. In case of personal contact, remove excess material and flush skin or eyes with cold water for at least 15 minutes. For eyes get medical attention. Remove and wash contaminated clothing before reuse.

DANGER: STRONG OXIDIZING AGENT. Mix only with water. Use clean dry utensils. Contamination by moisture, organic matter, or other chemicals may liberate hazardous gases. Store in a cool, dry, well ventilated area away from heat or open flame. Decomposes at 350°F - 475°F with liberation of harmful gases. In case of decomposition, if possible, isolate container in open air. Flood with large amounts of water. Keep container tightly closed when not in use. Rinse empty container thoroughly with water to dissolve all material before discarding.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds, or public waters. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on the label.

DIRECTIONS FOR USE

EZ CLOR O-TABS help prevent growth of algae, bacteria, and fungi in swimming pools. They are used in plastic or metal pools. Avoid use in hot tubs.

Before using EZ CLOR O-TABS, make sure the pool is clean and free of debris. Remove any leaves, twigs, or other objects from the pool. Then, add the tablets to the pool water. The tablets will dissolve and release chlorine into the water, which will kill the algae, bacteria, and fungi.

Place one EZ CLOR O-TAB in the pool every 10,000 gallons of water. If the pool is 10,000 gallons or less, use one tablet. If the pool is more than 10,000 gallons, use two tablets. Add the tablets to the pool water at the same time every week.

Keep pH of water between 7.2 and 7.6.

POOL FORMULA

1.0 mg/l. Free Chlorine
0.5 mg/l. Cyanuric Chloride

DO NOT REUSE CONTAINER. DESTROY WHEN EMPTY.

Keep out of reach of children. DANGER. POISONOUS IF SWALLOWED. IRRITANT. Causes severe skin irritation. Avoid contact with eyes, nose, and mouth. Wash thoroughly with water after use.

First Aid: In case of contact with eyes, flush with water for at least 15 minutes. In case of contact with skin, wash with soap and water. In case of ingestion, drink water and seek medical attention.
