

E-Z CLOR[®] POLY-KLEER 4000 ALGAECIDE

CAUTION

KEEP OUT OF REACH OF CHILDREN

See other precautions on back panel.

Active ingredients:	Poly [arylethylene (dimethyliminio)ethylene (dimethyliminio)ethylene dichloride]	30.8%
	(Simazine)2-chloro 4, 6-bis (ethylamino)-triazine	3.3%
Inert ingredients:		65.8%
	Total	100%

Net contents: 1 qt (.95 liters)

SHAKE WELL BEFORE USING

E-Z Clor Poly-Kleer 4000 Algaecide contains an organic polymer formulation which helps clarify and settle dirt in pools. It is effective over a wide range of pH conditions, contains no metals and is non-foaming.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

E-Z Clor Poly-Kleer 4000 Algaecide is used to control the growth of algae in swimming pools. For maximum effectiveness, pools containing heavy growth of algae should be cleaned prior to using E-Z Clor Poly-Kleer 4000 Algaecide. **SHAKE WELL BEFORE USING!**

For pools having just visible algae growth add an initial dose of 16 to 24 fluid ounces of E-Z Clor Poly-Kleer 4000 Algaecide per 10,000 gallons of water and remove settled algae debris by cleaning. For treatment of a freshly cleaned and filled pool, add initially 8 to 12 fluid ounces of E-Z Clor Poly-Kleer 4000 Algaecide per 10,000 gallons of water.

To maintain pools free of visible algae growth subsequent additions of 4 to 8 fluid ounces of E-Z Clor Poly-Kleer 4000 Algaecide per 10,000 gallons of water should be made every 5 to 7 days after the initial treatment.

E-Z Clor Poly-Kleer 4000 Algaecide is compatible with those chemicals normally used to treat pools and effective at both acid and alkaline pH. E-Z Clor Poly-Kleer 4000 Algaecide can be used in pools treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix E-Z Clor Poly-Kleer 4000 Algaecide with concentrated dry or liquid chlorine products.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes, or clothing.

FIRST AID: If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or, if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Keep out of lakes, streams, or ponds. Permits may be required for discharges containing this pesticide into lakes, streams, ponds or public water. For guidance, contact the regional office of the Environmental Protection Agency.

STORAGE & DISPOSAL: Keep container closed when not in use. Do not contaminate water, food, or feed by storage, disposal, or cleaning of equipment. Do not reuse empty container. Triple rinse (or equivalent) and dispose of container in an incinerator or in approved landfill. Pinate that cannot be used or reprocessed should be disposed of in a landfill approved for pesticides away from water supplies. Open dumping is prohibited.

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(C) provided that you:

1. Submit/dite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Add the phrase "EPA Registration No. 8791-41" to your label before you release the product for shipment.
3. The results of a 12-month storage stability test must be received by the Agency within 15 months after the date of this Registration Notice.
4. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.
