US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (TS 767) WASHINGTON, DC 20460	EPA REGISTRATION NO.	DATE OF ISSUANCE **APR 2 8 1989**
	TERM OF ISSUANCE	
NOTICE OF PESTICIDE: ☑ REGISTRATION ☐ REREGISTRATION *(Under the Federal Insecticide, Fungicide and Rodenticide Act, as amended)*	NAME OF PESTICIDE PRODUCT	

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

NOTE Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

E-Z CLOR TRICHLOR 70

BIG TABS

Pool chlorinating tablets shaped
For uniform dissolving

KEEP OUT OF REACH OF CHILDREN

DANGER

See other precautions and first aid on side panel.

Active Ingredient: Trichloro-s-triazinetrione	70.0%
Inert Ingredients:	30.0%
TOTAL	**100%**

Net Contents: 45 lbs.

Containing tablets each weighing approx. 7 oz. (.2Kg)

Contents not to be sold separately.

EPA Reg. No. 8791-3
EPA Est. No. 39841-MO-1
E-Z CLOR® SYSTEM
1920 BELT WAY DRIVE
ST. LOUIS, MO 63114-5879

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

E-Z CLOR* TRICHLOR 70 BIG TABS help prevent growth of algae, bacteria and fungi in swimming pools. Place tablet in plastic skimmer basket. Avoid metal objects.

1. Before using E-Z Clor Trichlor 70 Big Tabs for the first time, pool water should be stabilized with E-Z Clor Save chlorine stabilizer. Follow directions on the label for that product. Stabilizer increases the effective life of chlorine by reducing loss caused by the sun's rays.

2. Then treat the pool with a shock dose of chlorinating compound using a quickly soluble form such as E-Z Clor Quick Dissolve Concentrated Pool Chlorinating Compound. Follow directions on the label for that product. After several hours, check the chlorine residual to determine if at least 1.0 to 2.0 ppm has been obtained. If the chlorine residual is less than 1.0 to 2.0 ppm, repeat the shock dose until at least that level has been obtained.

3. Place one E-Z Clor Trichlor 70 Big Tab tablet in the pool's skimmer to provide daily chlorination. Add additional tablets if needed to maintain a chlorine residual of 1.0 to 2.0 ppm as determined by a suitable test kit. Give a shock dose (see No. 2 above) whenever algae first becomes visible.

Keep pH of water between 7.2 - 7.6. Use an E-Z Clor test kit for accurate chlorine and pH control.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

FIRST AID - PRACTICAL TREATMENT: If swallowed, promptly drink one or two large glasses of water or milk. Do not induce vomiting. Call physician immediately. Avoid alcohol. f on the Skin: Brush off excess chemical and flush skin with cold water for at least 15 minutes. If in Eyes: Flush with cold water for at least 15 minutes. Get medical attention.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Do not discharge into lakes, streams, ponds, or public waters unless in accordance with an NPDES Permit. For guidance, contact the regional office of EPA.

PHYSICAL AND CHEMICAL HAZARDS STRONG OXIDIZING AGENT: Strong Oxidizing Agent: Mix only with water. Use clean, dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction, with generation of heat, liberations of hazardous gases, and possible generation of fire and explosion. In case of contamination or decomposition, do not re-seal container. If possible, isolate container in open air or well ventilated area. Flood with large volumes of water, if necessary.

STORAGE AND DISPOSAL

STORAGE: Keep container tightly closed. Store in a dry place. Do not allow water to get into container. Keep container off wet floors. Do not contaminate water, food, or feed by storage or disposal.

DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rensate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Completely empty container of contents including clinging particles. Do not reuse container. Wrap (container) and put in trash.

DO NOT REUSE CONTAINER. DESTROY WHEN EMPTY.
