HABCO HYCHLOR (GRANULAR)

PRODUCT
No. 3101

A Soil Sterilant Type Weed Killer For Railroad and Industrial Use

HABCO HYCHLOR is a granular non-selective weed killer designed to be applied dry to the surface of the ground for control of weeds and grasses. The product is formulated for use on railroad, industrial, and similar non-crop areas where lasting residual effect is desired.

DIRECTIONS

NOTE — HABCO HYCHLOR must be spread uniformly at rates given for effective weed control. Apply with a Seeder or Granular Herbicide Applicator. Killing action is primarily through the roots of plants, so moisture is required after application to carry the chemical to the root zone. With too little moisture, results may be slow to appear. Avoid application in hot dry weather.

FOR ANNUALS or SHALLOW ROOTED PLANTS — Apply 1 pound per 100 Square Feet. Make application in the spring or when weeds are small.

FOR PERENNIAL AND DEEP ROOTED PLANTS — Apply 1 to 1½ pounds per 100 Square Feet. Where Johnson, Bermuda, and Vasey Grasses are

CAUTION: Keep out of the reach of children. See other cautions on this label.

Harmful if swallowed. May Cause irritation of Eyes, Nose, Throat, and Skin. Avoid breathing dust. Avoid contact with skin, eyes, and clothing. Avoid handling with cuts or abrasions on hands and wear gloves. Wash clothing and equipment after application.

IMPORTANT

Keep out of the reach of children and domestic animals. Avoid contamination of feed and foodstuffs, fertilizers, and seed. Do not apply on or near desirable trees or other plants, or on other areas where their roots may extend, or in locations where the chemical may be washed or moved into contact with their roots. DO NOT use on lawns, walks, driveways, tennis courts, or similar areas. DO NOT apply near desirable plants. DO NOT contaminate irrigation or domestic waters. Thoroughly clean application equipment after use. DO NOT use equipment with which HABCO HYCHLOR has been applied for applying insecticides, fungicides, and fertilizers as plant injury may result. Avoid drift to desirable plants.
