

CAUTION

CAUTION: Harmful if swallowed, inhaled or absorbed through skin. Avoid breathing of spray mist. Avoid contact with skin, eyes or clothing. In case of contact with skin or eyes, flush with plenty of water; for eyes get medical attention. Wash with soap and water after handling and before eating or smoking, wear clean clothing. Avoid contamination of feed and food-stuffs. Do not allow children in treated areas until surfaces are dry.

Toxic to fish and wildlife, do not contaminate water by cleaning of equipment or disposal of wastes.

ANTIDOTE:

EXTERNAL, wash thoroughly with soap and water. INTERNAL, induce vomiting with emetic of mustard. Call Physician.

NET CONTENTS: One Quart. 32 Fl. Oz.

MONEY-BACK GUARANTEE

Unconditionally guaranteed to give complete satisfaction when used according to directions, or your money back. The makers and sellers extent of liability in conjunction with the sale of this product is limited to the purchase price. By following simple instructions you will obtain lasting results comparable to those received by services of a qualified professional exterminator.

NOTE: Do not replace dishes and food until spray is dry. Do not eat any food that has been sprayed.

SITE= VIII indoors

DIRECTIONS FOR USE

DO NOT use until you have thoroughly read instructions attached hereto. Adjust sprayer by turning nozzle until fine mist is obtained. Several squeezes of sprayer trigger may be needed to activate spraying action. This initial priming is normal.

Before spraying, remove all food, dishes, utensils, etc., to a safe place and do not replace until insecticide is completely dry. Do not use Rid-a-Bug as a space spray. For maximum results, spray all rooms, closets and cabinets according to instructions.

ROACHES, ANTS, WATERBUGS, SILVERFISH, SPIDERS, CRICKETS:

Spray heavily into all cracks, around baseboards and other places where these insects hide. Also spray until wet, surfaces behind and beneath cabinets, refrigerators, sinks, stoves and other appliances. Spray other localized areas infested with these pests. Repeat treatment as required.

BROWN DOG TICKS

Thoroughly spray infested area around baseboards, window and door frames, wall cracks, sleeping quarters of household pets and localized areas of floors and floor coverings. Applications should be repeated as infestations warrant and as reinfestations occur. Fresh bedding should be placed in animal quarters following treatment. Do not treat animals with this formulation.

Do not use in edible products areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.
