CAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

PRECAUTION: Harmful if swallowed. May be absorbed through skin. Avoid contact with skin, eyes or clothing. Keep away from food, feedstuffs and domestic water supplies. Do not apply or allow spray drift to areas occupied by unprotected humans or beneficial animals. Wash hands thoroughly after using. Do not allow children or pets in treated areas until surfaces are dry.

ADVICE TO PHYSICIAN: Active ingredient is a cholinesterase inhibitor. Treat symptomatically. Atropine is antidote.

STATEMENT OF PRACTICAL TREATMENT

- if swallowed:** Call physician immediately. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger.
- on skin:** Remove contaminated clothing and wash exposed areas thoroughly with soap and water.
- in eyes:** Flush thoroughly with clean water.
- inhaled:** Move to fresh air.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Do not apply directly to water. Do not contaminate water by cleaning equipment or disposal of wastes.

DISPOSAL

Do not reuse empty container. Wrap container and put in trash collection.

- ✓ NO UNPLEASANT ODOR.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SPRAYER INSTRUCTIONS

More detailed information on application, use and assembly of sprayer attached to sprayer unit.

KILL PESTS INDOORS WHERE YOU KNOW THEY LIVE

Roaches, Ants, Crickets, Silverfish, Spiders, Centipedes, Earwigs, Waterbugs, Carpet Beetles: Spray heavily into cracks, crevices, openings around pipes. Spray until wet behind and beneath cabinets and appliances, under rugs, around carpet edges, baseboards, doors, window frames and other points of entry, storage areas and any localized area infested with these pests. For best results use at least monthly...more often if reinfestations occur.

PESTS OUTDOORS

Flies, Mosquitoes, Moths, Wasps and Hornets, Ants, Crickets, Earwigs, Centipedes, other insects outdoors: Spray outside surfaces of screens, doors, window frames or wherever insects may enter. Also treat surfaces around light fixtures on porches, in garages and other places where insects are seen. For treatment of localized infestations where there are weeds or brushy non-crop areas, spray thoroughly. Repeat every two weeks or as often as needed.

MONEY-BACK GUARANTEE

When used as directed, we guarantee your complete satisfaction or your money back. The makers and sellers extent of liability in conjunction with the sale of this product is limited to the purchase price. Used as directed, you will obtain lasting results comparable to those received by services of a professional exterminator.

Jacksonville, FL 32236

Dear Dr. Lipsey:

Subject: Rid-A-Bug Brand AE 5
Home Insect Killer
General Revision of Label
and Product Name Change
EPA Registration No. 8845-21
Your Application Dated September 7, 1982

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

Revise the label ingredient statement to read as follows:

Active Ingredients	
Chlorpyrifos (O,O-diethyl O-(3,5,6-trichloro-2-pyridyl)	
phosphorothioate	0.50%
Aromatic petroleum solvent	0.28%
Inert Ingredients	99.22%
Total	100.00%

Note your directions for use of this product in food handling establishments, for carpet beetle control and flies and brown dog tick control were not included on this label.

Sincerely yours,

Jay S. Ellenberger
Product Manager (12)
Insecticide-Rodenticide Branch
Registration Division (TS-767)
