Dear Dr. Lipsey:

Subject: Super Kid-A-Bug Brand DD7-2
 EPA Registration No. 8845-30
 Application Dated July 22, 1983

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable, subject to the comments listed below, and a stamped copy is enclosed for your records.

At the next printing of your label revise as follows:

1. The front panel of your label should show your ingredient statement as below:

ACTIVE INGREDIENTS	
Chlorpyrifos	6.00%
. Aromatic Petroleum Solvent.....	3.36%
INERT INGREDIENTS	90.64%
TOTAL	100.00%

2. Please state the residual control provided by your product. We are prepared to accept up to four weeks control.

The additional brand name "Kid-A-Bug Outdoor Flea Killer" is acceptable.

Sincerely,

Jay S. Kilenberger
 Product Manager (12)
 Insecticide-Rodenticide Branch
 Registration Division (TD-767)

- ✓ WATER-BASED...WON'T BURN LAWNS OR ORNAMENTALS
- ✓ RESIDUAL ACTION KEEPS KILLING FOR WEEKS

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE RID-A-BUG WELL BEFORE USING

1. Remove white cap from bottle (save cap for storage after use). Insert green sprayer cap with plastic tube attached into bottle and screw down tightly.
2. Screw hose into back of sprayer and turn on water supply. TO START FLOW OF INSECTICIDE, place index finger over hole on right side of green sprayer cap.
3. Spray evenly and completely over infested areas, giving special attention to areas frequented by pets. Hold about 3 feet above surface, moving at a steady pace to insure consistent, thorough coverage.
4. When treatment is complete, or you wish TO STOP FLOW OF INSECTICIDE for any reason, simply remove finger from hole to break siphon action.
5. TO STORE REMAINING INSECTICIDE, turn off water supply and uncrew hose from sprayer. Remove sprayer and plastic tube from bottle. Replace white cap on bottle and tighten securely. Rinse sprayer cap and plastic tube in clear water. Place insecticide plus sprayer assembly back into carton and store in a cool place.

NOTE: For best results, area to be treated should be dry. Do not apply when rain is imminent. During very hot weather, application in early morning or late afternoon is recommended. Repeat treatment as necessary.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. May be absorbed through skin. Avoid contact with skin, eyes and clothing. Keep away from feed and foodstuffs. Keep children and pets away from treated areas until dry. Wash hands thoroughly after using.

NOTE TO PHYSICIAN: Active ingredients contain a cholinesterase inhibitor. Treat symptomatically. Atropine is antidote.

STATEMENT OF PRACTICAL TREATMENT

If swallowed: Call physician immediately. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger.

If on skin: Remove contaminated clothing and wash exposed areas thoroughly with soap and water.

If in eyes: Flush thoroughly with clean water.

If inhaled: Move to fresh air.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

DISPOSAL

Do not reuse empty container. Wrap container and put in trash collection.

OTHER FINE RID.A.BUG PRODUCTS INCLUDE: Home Insect Killer, Flea & Tick Killer, Outdoor Insect Barrier™, Fire Ant Killer, Rid.a.Flea® and Rid.a.Rat™. For additional information, write:
