

SEP - 7 1993

Ms. Kathie J. Tryson
Spectrum Group
Division of United Industries Corporation
P.O. Box 15842
St. Louis, MO 63114

Dear Ms. Tryson:

Subject: Revised Labeling
Rid-a-Bug Concentrate Brand DD7-2 Home Insect Killer
EPA Reg. No. 8845-30
Your Submission Dated July 27, 1993

The labeling for the product referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable subject to the comment listed below. A stamped copy of the label is enclosed for your records.

In your Ready Spray Nozzle Use directions, a section must be added to address storage of any remaining insecticide. These directions can be similar to number 6 in the Ready To Use Sprayer Cap Use directions.

Sincerely,

DHE

Dennis H. Edwards, Jr.
Product Manager 12
Insecticide-Rodenticide Branch
Registration Division (H-7505C)

Enclosure

READ ENTIRE LABEL BEFORE USE.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling

SHAKE WELL BEFORE USING

INDOORS: To kill Roaches, Ants, Crickets, Silverfish, Spiders, Fleas (adult and larvae), Centipedes, Earwigs, Waterbugs and Carpet Beetles:

PRESSURE SPRAYER USE — This is a concentrated insecticide. To mix, add 3 fl. oz. to one quart of water. Spray heavily into cracks, crevices and openings in walls around pipes using a pressure sprayer. Also spray until wet behind and beneath cabinets and appliances, under rugs, around carpet edges, baseboards, doors, window frames, and other points of entry, storage areas and any localized area infested with these pests. For best results use at least monthly - more often if re-infestations occur. *Note: Check carpet manufacturer's warranty and care and maintenance information before using product on your specific brand of carpeting.*

OUTDOORS: To kill Flies, Mosquitoes, Moths, Wasps, Hornets, Ants, Crickets, Earwigs, Centipedes and other listed insects:

(Optional Directions)

PRESSURE SPRAYER USE: Using the same dilution rate as above (mix 3 fl. oz. to 1 quart of water.), apply to outside surfaces of screens, doors, window frames or wherever insects may enter buildings. Also treat surfaces around light fixtures on porches, in garages and other places where insects are seen. Thoroughly spray localized infestations in weeds or brushy non-crop areas. Repeat every two weeks or as often as needed.

(Optional Directions)

HOSE-END SPRAYER USE: Set your hose-end sprayer/appliator to apply 6 1/3 fl. oz. of concentrate per 30 gallons of water to cover up to 1,000 sq. ft. or 1 1/4 teaspoons per 1 gallon of water to cover up to 33 sq. ft. (2 teaspoons = 1/3 fl. oz. or 6 teaspoons = 1 fl. oz.). Spray evenly and completely over lawns and other infested areas, giving special attention to areas frequented by pets. Hold about 2 feet above surface, moving at a steady pace to insure consistent thorough coverage. Repeat treatment as necessary.

(Optional Directions)

READY SPRAY NOZZLE USE:

1. Shake well before using.
2. Connect a garden hose to the ready spray nozzle. Make sure the yellow

Rid-a-Bug®

Concentrate Brand DD7-2 Home Insect Killer

- Contains DURSBAN • Kills on Contact • Kills Fast • Residual action — Keeps killing for 4 weeks • Keeps killing pests for weeks • Kills hidden bugs • Protects lawns and homes from invading pests • Economical do-it-yourself control • Economical concentrate • Water-based formula • Kills adult fleas and their hatching eggs (larvae) • Non-staining • No unpleasant odor • Treats 2,500/5,000 square foot home (pint/quart)

• Use Indoors and outdoors

- Ready-to-use hose end spray cap attached for outdoor use • No waste siphon feed — control with one finger • Mixes automatically — No measuring — no mess • No mixing — Easy to use — Concentrated • Kills fleas and their larvae • Won't burn lawns • Will not damage lawns • Covers 2,500/5,000 square feet of yard (pint/quart) • Kills fire ants • Kills the mound • Kills the stinging/imported fire ant • Kills the stinging Southern ant • Kills 8/16 mounds per pint/quart • Make 8/16 gallons per pint/quart (For Fire Ant Control)

in EPA Letter Dated
SEP - 7 1993

Active Ingredient:

Chlorpyrifos [O,O-Diethyl O-(3,5,6-trichloro-2-pyridinyl) phosphorothioate] 6.0%

Inert Ingredients: Under the Federal Insecticide, Fungicide, and Rodenticide Act

Keep Out of Reach of Children for the pesticide registered under EPA Reg. No.

CAUTION

See back panel for additional precautionary statements

Net Contents 16 fl. oz. (1 pint) or 32 fl. oz. (1 quart)

3. Turn on water at faucet. Extend hose treated and work back towards faucet treated areas. Push in the small white "OPEN" position.
4. To BEGIN spraying, point nozzle toward control dial to the "ON" position. Walk product. Walk at a steady pace while motion, slightly overlapping treated areas.
5. To STOP spraying turn yellow water control dial to "ON" position until water stops from hose.

(Optional Directions)

READY-TO-USE SPRAYER CAP USE:

1. Screw hose into back of sprayer cap.
2. Remove cap from bottle (save cap for unit into bottle and secure tightly by turning finger over hole on right side of yellow cap).
3. Turn on water supply. To START FLOW, turn yellow control dial to "ON" position with finger over hole on right side of yellow cap.
4. Spray evenly and completely over lawn with special attention to areas frequented by pets, moving at a steady pace over surface coverage. Repeat treatment as necessary.
5. When treatment is complete, or you wish to stop spraying, turn yellow control dial to "OFF" position, simply turn siphon action.
6. TO STORE REMAINING INSECTICIDE, remove bottle from sprayer unit and hose. Replace cap on bottle and tighten siphon unit and rinse unit in clear water. Reassemble back into carton and store in a cool, dry place.

Note: 1) Spoons or measuring cups must be used after use in measuring pesticides. 2) For best results, application should be dry. 3) During very hot weather application is recommended. 4) Not recommended for use on camellias, poinsettias, variegated ivies, n

For Treatment of Fire Ant Mounds

1. Apply as a drench diluted at the rate of 1/2 pint per gallon of water.
2. Gently sprinkle a total of 1 gallon of the diluted solution over a 4-foot diameter area of each mound using a sprinkling can. Repeat application in cool weather, 65-85°F, or in hours. Treat new mounds as they appear, since this may disturb the ant product effectiveness.

STORAGE AND DISPOSAL • **Storage:** Store in a cool place away from heat, direct sunlight or open flame. **Disposal:** Securely wrap original container in several layers of newspaper and discard in trash.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals • **CAUTION:** Harmful if swallowed or absorbed through skin. Avoid breathing vapor and spray mist. Avoid contact with skin, eyes or clothing. Avoid contamination of feed and foodstuffs. Remove pets, birds and cover fish aquariums before spraying. Do not allow children or pets in treated area until surfaces dry. Wash hands thoroughly after spraying.

Statement of Practical Treatment • **If Swallowed:** Call a physician or Poison Control Center immediately. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Repeat until vomit fluid is clear. Never induce vomiting or give anything by mouth to an unconscious person. **If on Skin:** Wash contaminated clothing and affected areas with plenty of soap and water. **If In Eyes:** Flush eyes with plenty of water. Call a physician if irritation persists. **If Inhaled:** Remove victim to fresh air. Apply artificial respiration if indicated. **Note to Physician:** This product may cause cholinesterase inhibition. Atropine is antidotal. 2-PAM may be effective as an adjunct to atropine.

Environmental Hazards • This pesticide is highly toxic to fish, birds and other wildlife. Do not apply directly to water. Drift and runoff from treated sites may be hazardous to fish in adjacent waters. Do not contaminate water when disposing of equipment washwaters.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
