- ✓ ECONOMICAL CONCENTRATE...MAKES FIVE GALLON!
- ✓ WATER-BASED...WON'T BURN LAWNS OR ORNAMENTALS.
- ✓ ESPECIALLY FORMULATED WITH THREE FLUSHING AGENTS.
- ✓ EASY TO USE...LONG-LASTING PROTECTION.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Rid.a.Bug Fire Ant Killer is intended as a spot treatment for individual fire ant mounds.

TO CONTROL FIRE ANTS

Dilute 24 ounces (1½ pints) of Rid.a.Bug Fire Ant Killer in one gallon of water. Apply one gallon of solution to each fire ant mound, as gently as possible, using a sprinkler can, bucket or pressurized sprayer adjusted to a medium-coarse spray (high pressure sprays may disturb the ants and cause migration, reducing product effectiveness). Thoroughly wet mound and surrounding area to a four-foot diameter (12.5 sq.ft.). For best results, apply in cool weather, 65 to 80 F, or in early morning or late evening hours. Do not disturb mound prior to treatment. Treat all existing mounds. Treat new colonies as soon as they can be detected.

RECREATIONAL USE

In addition to individual homeowner use, Rid.a.Bug Fire Ant Killer may be used on parks, recreation areas, athletic fields, golf courses and commercial turf.

Kenco Chemical & Mfg. Corp. warrants that this product conforms to the chemical description on the label. Neither Kenco nor the seller makes any other warranty, express or implied.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. May be absorbed through skin. Avoid contact with skin, eyes and clothing. Keep away from feed and foodstuffs. Keep children and pets away from treated areas until dry. Wash hands thoroughly after using.

NOTE TO PHYSICIAN: Active ingredients contain a cholinesterase inhibitor. Treat symptomatically. Atropine is antidote.

STATEMENT OF PRACTICAL TREATMENT

If swallowed: Call physician immediately. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger.

If on skin: Remove contaminated clothing and wash exposed areas thoroughly with soap and water.

If in eyes: Flush thoroughly with clean water.

If inhaled: Move to fresh air.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

DISPOSAL

Do not reuse empty container. Wrap container and put in trash collection.

Dr. Richard Lipsey
Kenco Chemical Mfg. Corp.
P.O. Box 6246
Jacksonville, FL 32236

Dear Dr. Lipsey:

Subject: Rid-A-Dug Fire Ant Killer
EPA Registration No. 8845-34
Application Dated October 29, 1982

The amendment referred to above, submitted in connection with registration under FIFRA sec. 3(c)(7)(A), is acceptable provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(c). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

Jay S. Ellenberger
Product Manager (12)
