18 / 1

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Add the phrase "EPA Registration No. 8845-101."
 - b. On the Confidential Statement of Formula (CSF) please provide the bulk density of the product.
 - c. The weight of the components adds up to 2010 lb, however, you have indicated a total batch weight of 2000 lb. Please check your calculations and revise the CSF.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

in EPA Letter Dated:

OCT 28 1985

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, for the pesticide
registered under EPA Reg. No.
8845-101

Aids in Controlling Fire Ants in Lawns and Recreational Areas

Ready-to-use
granules
Contains 5%
diazinon
insecticide

Keep Out of Reach
of Children.

Caution

See additional precautionary
statements on back of bag

Active Ingredient: Diazinon: O,O-diethyl O-(2-iso-
propyl-6-methyl-4-pyrimidinyl) phosphorothioate 5%.
Inert Ingredients: 95%. Total: 100%

Net Weight
Five Pounds

Directions for Use

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Spot Treatment

To aid in the control of fire ants in lawns and other recreational areas, apply ½ cup over, and 2 ft. around, each fire ant mound. Immediately after application, water in thoroughly. A minimum of 1 gallon of water should be applied to each mound area. Reapply as necessary. Apply gently to avoid disturbing ants. Use of high pressure watering equipment may disturb the ants and cause migration, reducing product effectiveness.

Note: For best results, apply in cool weather, 65-80° F, or in early morning or late evening hours. Treat new mounds as they appear.

Storage and Disposal

Do not store near food or feed products. Do not reuse empty container. Wrap container and put in trash collection.

Precautionary Statements

Hazards to Humans and Domestic Animals

CAUTION

Harmful if swallowed, inhaled, or absorbed through skin. Do not store near food or feed products. Avoid breathing dust and contact with eyes, skin, and clothing. Wash thoroughly after handling and before eating or smoking. Keep children and pets off treated areas until this material is washed into soil and grass is dry. Food utensils such as teaspoons and measuring cups should not be used for food purposes and use with pesticides.

Statement of Practical Treatment

If swallowed: Call a physician or poison control center immediately. Drink one or two glasses of water and induce vomiting by touching the back of the throat with finger. Repeat until vomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious person.

If inhaled: Remove victim to fresh air. Apply artificial respiration if indicated.

If on skin: Remove contaminated clothing and wash affected areas with soap and water.

If in eyes: Flush eyes with plenty of water. Call a physician if irritation develops or persists.

Note to Physician: If symptoms of cholinergic poisoning occur, administer atropine therapeutically.

Environmental Hazards

This product is toxic to fish, birds and other wildlife. Birds feeding on treated areas may be killed. Do not apply directly to lakes, streams and ponds. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.
