 P.O. Box 15842
 St. Louis, MO 63114

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data or other material required for registration/reregistration of your product under FIFRA sec. 3(c)(5) or FIFRA sec. 4 when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling change listed below before you release the product for shipment:
 - a. Add the phrase, "EPA Registration No. 8845-124."
 - b. In the ingredient statement, make "Active Ingredients" singular.
 - c. Under Environmental Hazards, the phrase "Do not apply directly to water or wetlands . . ." should be revised to:

"Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Runoff may be hazardous . . ."
3. Submit five copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

| SIGNATURE OF APPROVING OFFICIAL | DATE |
|---------------------------------|------|

3. Submit five copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

George T. LaRocca
Product Manager 13
Insecticide-Rodenticide Branch
Registration Division (H7505C)

Enclosure

READ ENTIRE LABEL BEFORE USE

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

1. Apply 1/2 cup of this product over, and 2 feet around each fire ant mound.
2. Gently sprinkle mound with at least one gallon of water to activate granules.
3. Fire ants in mound will be killed within 24 hours. Treat new mounds as they appear.

Use Tips:

1. Apply in cool weather, 65-80°F, or in early morning or late evening hours. Most fire ants are in their mound then and are more easily controlled.
2. Water in to simulate a light rain. Water applied in a way that disturbs the mound can cause migration and reduce product effectiveness.

STORAGE AND DISPOSAL

Store in cool, dry area away from heat or open flame. Discard bag in trash.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed, inhaled, or absorbed through skin. Avoid breathing dust and contact with eyes, skin or clothing. Wash thoroughly after handling and before eating or smoking. May cause contact sensitization following repeated contact with skin of susceptible individuals. Avoid repeated contact with skin. If sensitization reactions result, consult a physician. Do not store near food or feed products. Food utensils such as spoons or measuring cups must not be used for food purposes after use in measuring pesticides. Do not contaminate ornamental fish ponds. Do not allow children or pets on treated areas until granules have been watered into the soil and the grass or soil is dry.

Spectracide[®]

GRANULES

FORMULA 2

For outdoor use on home lawns and home gardens only

With Accelerator[™]

Kills Queen and Mound in 24 hrs.

Works within 24 hours (no waiting for weeks)

Ready-to-use Granules
