ACCEPTED

Jan 5 1972

UNDER THE FEDERAL INSECTICIDE
FUNGICIDE AND RODENTICIDE ACT
ECONOMIC POISON REGISTER
EPA REG. NO. 8848-4

Use only for spot application only. Do not spray on children or pets. Do not use in commercial food establishments or on edible products. Areas of contact with plants. Barbecue if swallowed. Do not use on painted or treated surfaces until surfaces are dry. Avoid contact with eyes. Avoid contact with soap or water. Avoid contact with food. To avoid possible contact with children, keep out of reach of children. Do not puncture or burn. Do not use where temperature is below 50°F.

EPA REG. NO. 8848-4

DIRECTIONS: Remove protective cap, hold dispenser about 8-10 inches from surface being treated. Aim nozzle, press plastic button to spray. Apply spray covering 1 to 2 linear feet per second to infected cracks, crevices, baseboards and areas where the insects rest and hide. Do not spray on rough surfaces, avoid running or walking. Spray leaves an invisible film that kills many insects crawling over it.

TO KILL ROACHES, WATERBUGS, SPIDERS, CRICKETS, SILVERFISH and certain other crawling insects: Spray infected areas around refrigerator, under kitchen cabinets, back of stove, and other hiding places. Spray thoroughly. Repeat as necessary.

TO KILL ANTS: Same as above. Spray ant trails, especially at door sill, window frames and other points of entry to the house. Repeat as necessary.
