
HOUSEHOLD ROACH AND INSECT KILLER

DIRECTIONS FOR USE

AS A TOTAL RELEASE PRESSURIZED SPRAY AND INSECT FOGGER

To kill mosquitoes, Houseflies, Small Flying Moths, Gnats, Black Carpet Beetles, Spiders, Cockroaches, Silverfish, Crickets, Firebrats, Bees, Wasps, Hornets and Ants. Aids in the control of ringworms and cockroaches.

GENERAL DIRECTIONS

Cover exposed foods, dishes, utensils and food handling equipment and surfaces. Open cabinets and doors to expose areas to be treated. Turn off fans and air conditioners and put out all flames and pilot lights. Close all doors and windows. Point valve opening away from face and eyes when pressing. Use one can for each 1000 cubic feet of unventilated area. Use additional units for extended rooms or where a long time of dead air has occurred. Do not remain in the area during treatment. Leave room or building at once and keep the area vacated for four hours before entering and airing out. After this treatment, open doors and windows and allow to air out for 30 minutes. Repeat spraying in two weeks if necessary.

TO OPERATE VALVE AS A TOTAL RELEASE SPRAY

To turn valve for total release, hold container upright away from you and point valve opening away from face and eyes. Press valve button all the way down until it locks into and catches on bottom of rim. Then place bigger on stand or table in center of room with valve pointed upon placing several layers of newspaper under can. Follow directions in above paragraph.

PRESSURIZED SPRAY FOR SPOT TREATMENT

To kill mosquitoes, Mosquitoes, Small Flying Moths, Gnats, Wasps, Hornets and Bees. If operated manually do not use as a total release pressurized spray. Close all doors and windows. Spray about 5-10 seconds for average room. Aim not essential as the flying insects. The pursuing mist will kill insects as they fly through it. For Hornets and Wasps direct the above dosage. Scoop up and destroy fallen insects. Repeat treatment as necessary.

To kill Ants, Silverfish, Firebrats, Spiders, Cockroaches, Crickets and aid in the control of Cockroaches and Waterbugs. Spray in/on places such as baseboards, crevices, openings around sinks and pipes, under cabinets and refrigerators. To kill ants, treat doors around window frames and sill tracks. Spray directly on bugs when possible. Repeat as needed.

To kill Fleas: Remove and destroy pet bedding. Apply this product as for other insects. Put fresh bedding in pets quarters after treatment. Treat dogs and cats with a registered flea control product before applying this to other. Repeat applications may be necessary to ensure contact with all pests.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed or absorbed through skin. Avoid inhalation of spray mist. Avoid contact with eyes or clothing. Wash contaminated skin promptly with soap and water. For eyes, flush with plenty of water and get medical attention if irritation persists. Avoid contamination of food and food stuffs.
