U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:
8848-61

Date of Issuance:
NOV 12 1996

NOTICE OF PESTICIDE:
 Registration
 Reregistration

Term of Issuance: Until
Reregistration

Name of Pesticide Product:
Black Jack Ant Baits

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Safeguard Chemical Corporation
411 Wales Avenue
Bronx, New York 10454

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes:

- a. Revise the EPA Registration Number to read, "EPA Reg. No. 8848-61."
- b. Revise "Child Proof Bait Discs" to "Child Resistant Bait Discs."
- c. In the directions for use, revise "For best results place the discs close to areas where ants are numerous" to "For best results place the discs by ant trails or close to areas where ants are numerous."

2. Submit a Confidential Statement of Formula revised as follows: increase the weight of the Dursban R (EPA Registration Number 62719-44) to 5.05 pounds. (Dursban R is 99% chlorpyrifos. $5.05 \text{ pounds} \times 99\% = 5.00 \text{ pounds chlorpyrifos}$. $5.00 \text{ pounds}/1000 \text{ pounds} = 0.5\%$) In the present formulation the nominal concentration of chlorpyrifos is only 0.495%, which is less than the label claim.

3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

DHE

EPA Reg No

EPA Est No 10605-NJ-1

TOTAL NET WET 0.4 OZ (12 G)

BLACK JACK ANT BAIT

KILL A VARIETY OF HOUSEHOLD ANTS INCLUDING QUEEN AND COLONY

DIRECTIONS FOR HOUSEHOLD USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

STORAGE: Store in a cool place away from children or pets.

DISPOSAL: Wrap bait disc and put in trash.

Break discs out of plastic frame.

For best results place the discs close to areas where ants are numerous. Use all six discs at the same time. Use additional discs for heavy infestations. Replace discs every three months.

This is how BLACK JACK Ant Baits work:

1. Ants enter disc, eat bait, then leave.
2. Ants carry bait back to nest where it is eaten by other ants and Queen.
