UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
WASHINGTON, D.C. 20460-0001

OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

July 14, 2011

Ms. Kim Davis, Consultant
RegWest Company, LLC
8203 West 20th Street, Suite A
Greely, CO 80634-4696

Subject: Amended Reregistration Label
Product Name: Black Jack Jet Action Crawling Insect Spray
EPA Registration Number: 8848-63
EPA Decision Number(s): 410587, 412963, 436884

Dear Ms. Davis:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the Tetramethrin, Permethrin, and Piperonyl Butoxide RED(s), and has concluded that your submission is acceptable.

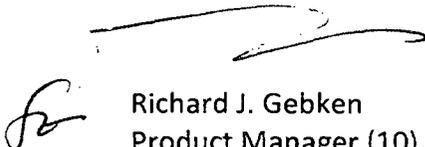

NOTE: This product is not being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

Please note that the record for this product currently contains a Basic CSF, dated July 7, 2011. Any previously dated CSFs are superseded.

A copy of your label stamped "Accepted" is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

If you have any questions about this letter, please contact Julie Chao at (703) 308-8735 or chao.julie@epa.gov.

Sincerely,

Richard J. Gebken
Product Manager (10)
Insecticide Branch
Registration Division (7504P)

First Aid

If in Eyes:	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. • Call a poison control center or doctor for treatment advice.
If on Skin or Clothing:	<ul style="list-style-type: none"> • Take off contaminated clothing. • Immediately rinse skin with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
If Swallowed:	<ul style="list-style-type: none"> • Immediately call a poison control center or doctor. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give any liquid to the person. • Do not give anything by mouth to an unconscious person.
[Hot Line Number] Have the product container or label with you when calling a poison control center or doctor or going for treatment. [In case of medical emergencies or health and safety inquiries or in case of fire, leaking or damaged containers, information may be obtained by calling 1-800-424-9300.]	
Note to Physician: Contains petroleum distillate-vomiting may case aspiration hazard.	

{Note: The First Aid statements' grid format will be used if label allows, otherwise a paragraph format will be used.}

**ACCEPTED
JUL 14 2011**

**Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended, for the
pesticide registered under:**

EPA. Reg. No: 8848-63

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Prolonged or frequent repeated skin contact may cause allergic reactions in some individuals. Thoroughly wash with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Wear long-sleeved shirt, long pants, socks, shoes and gloves. Remove contaminated clothing and wash clothing before reuse.

Environmental Hazards

This product is extremely toxic to aquatic organisms including fish and aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain do not blow or wash pesticide off the treatment area. Do not contaminate water when cleaning equipment or disposing equipment washwater or rinsate. Drift and runoff may be hazardous to fish in water adjacent to treated areas. See the *Directions for Use* for additional precautions and requirements. This pesticide is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

Physical or Chemical Hazards

Contents under pressure. Keep away from heat sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Precautions and Restrictions

Do not allow adults, children or pets to enter treated area until sprays have dried. Do not apply this product in a way that will contact adults, children or pets, either directly or through drift. Do not wet plants or articles to the point of runoff or drip. Do not use treated articles until spray has dried.

When used indoors: Remove pets, birds and cover fish aquariums before spraying. Do not remain in treated area; immediately exit area and remain outside the treatment area until aerosols, vapors and/or mists have dispersed. Do not apply when food is present. Cover all food preparation surfaces and utensils during treatment or thoroughly wash before use. Do not apply as a broadcast or spot treatment to indoor surfaces in commercial sites including nurseries, day care centers, schools, hospitals and nursing homes. Do not use in commercial food/feed handling establishments, restaurants or other areas where food is commercially prepared or processed. **When used outdoors:** Do not apply during rain. Do not apply this product with a sponge. Not for use in outdoor residential misting systems. All outdoor applications must be limited to only spot or crack-and-crevice treatment, except for applications to soil/vegetation around structures and to building foundations (up to a maximum height of 3 feet). Other than applications to building foundations, all outdoor applications to impervious surfaces such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors and eaves) are limited to only crack-and-crevice applications. Application is prohibited directly into sewers or drains or to any area like a gutter where drainage to sewers, storm drains, water bodies or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

Remove protective cap, hold container upright and direct spray away from face. Hold can 12-15 inches from surface being sprayed. Press valve down and spray as directed. Spray surface until slightly wet at a rate of 4 ounces product to treat approximately 25 square feet of surface area.

For use in and around residential buildings, but not limited to, (apartments, cabins, campers, condominiums, garages, homes, mobile homes, outbuildings, townhomes and trailers) and outdoor residential areas (decks, patios, picnic areas and porches).

Indoors

Ants, Booklice, Boxelder Bugs, Centipedes, Cockroaches (including adult and immature stages of both non-resistant and organophosphate- & carbamate-resistant strains), Crickets, Dermestids, Firebrats, Fleas, Palmetto Bugs, Silverfish, Sowbugs, Ticks and Waterbugs: Thoroughly apply to all areas where these pests crawl and hide, especially in cracks and crevices; hidden areas around sinks and storage areas; behind baseboards; around doors and windows; behind and under refrigerators, cabinets, sinks and stoves; the underside of shelves; and drawers, bookcases and similar areas. When pests are driven out, spray directly.

Ants: Spray around ant trails, doors and windows and other places where ants enter premises. Spray around nests hidden under steps, brickwork, concrete, etc. Break apart accessible nests and spray on and around debris.

Brown Dog Ticks and Fleas: Apply in infested areas such as pet beds and resting quarters; nearby cracks and crevices; under the edges of rugs and floor coverings; between and under cushions of upholstered furniture; and other areas where these pests may be present. Remove pet's old bedding and replace with clean, fresh bedding after treatment of pet areas. **Do not use directly on pets.** Simultaneously treat pets with a flea and tick control product registered for use on pets prior to pet's entry into treated areas.

Carpenter Ants: For effective control, locate and treat nests and surrounding areas. Apply around doors and windows and other places where ants enter premises and where they crawl and hide. Spray into infested wood through existing openings.

Carpet Beetles (Black, Furniture and Varied): Spray on and under edges of floor coverings, under rugs and furniture and in closets or other locations where these insects are found.

Centipedes, Earwigs, Ground Beetles, Millipedes, Mole Crickets, Pillbugs, Scorpions, Sowbugs and Ticks: Apply around doors and windows and other places where these pests may enter premises. Treat baseboards, storage areas and other locations where these pests are found.

Pantry Pests: Cigarette Beetles, Chocolate Moths, Clover Mites, Cluster Flies, Drugstore Beetles, Elmleaf Beetles, Flour Beetles (Confused and Red), Grain Beetles (Merchant, Rusty and Saw-toothed), Lesser Grain Borers, Rice Weevils, Spider Beetles and Tobacco Moths: Treat exposed stages. Remove all foodstuffs, utensils and shelf paper from area to be treated. Discard used shelf paper and any infested foodstuffs. Apply spray to shelves and in cracks & crevices behind and under cupboards and cabinets. Allow spray to dry prior to replacement of shelf paper, food and utensils.

Spiders: Apply along and behind baseboards; to window and door frames; corners, pipes, storage localities, attics, crawl spaces and other areas over which these pests may crawl.

Webbing Clothes Moths: Use this product as a crack and crevice treatment in closets and other storage areas where these pests are found. This is an adjunct treatment and will not control moth larvae already on clothes. Do not apply to clothing.

Outdoors

Point spray nozzle away from face. Hold can at a slight downward angle. For best results, spray when air is calm. Spray with the wind if a breeze is blowing. Do not water the treated area to the point of run-off. Do not make applications during rain.

Ants, Crickets, Fleas, Earwigs and Ticks (Dog and Lone Star): Thoroughly apply to infestation in bushes, grass or weeds. For ants, spray around ant trails and hills.

Crawling Insects: Ants, Centipedes, Cockroaches (including Asian cockroaches), Crickets and Silverfish: Spray infested surface of patio or picnic area, hitting as many insects as possible. Also spray legs of tables and chairs to repel ants. Spray ant hills for best control.

Pests on Outside Surfaces of Buildings: For control of building infestations due to **Ants, Clover Mites, Crickets, Earwigs, Millipedes and Sowbugs (Pillbugs):** Spray foundation of building where insects are active and may find entrance up to a height of 2-3 feet. Apply as a residual spray to outside surfaces of buildings where insects tend to congregate. Spray areas include, but are not limited to, screens, window frames, eaves, porches, patios, garages and refuse dumps.

Storage and Disposal

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in a cool, dry (preferably locked) storage area which is inaccessible to children & pets and away from heat, open flame or sources of ignition. **Pesticide/Container Disposal:** Do Not Puncture or Incinerate! Non-refillable container; do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. [This container may be recycled in aerosol recycling centers. At present, there are only a few such centers in the country. Before offering for recycling, empty the can by using the product according to the label.]

{Per PR Notice 2007-4 the batch code/lot number will appear on the label or container.}

Notice: To the extent permitted by applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.

{Enlargement:
No CFCs

Contains no CFC'S or Other Ozone Depleting Substance.
Federal Regulations Prohibit CFC propellants in aerosols.}
