

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St. S.W.
Washington, D.C. 20460

EPA Reg. Number:

8848-65

Date of Issuance:

MAR 6 1998

NOTICE OF PESTICIDE:

☒ Registration
☐ Reregistration

(under FIFRA, as amended)

Term of Issuance: Conditional

Name of Pesticide Product

Black Jack Total Release
Indoor Fogger

Name and Address of Registrant (include ZIP Code):

Safeguard Chemical Corp.
411 Wales Ave.
Bronx, NY 10454

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/ reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following label changes:
 - A. Revise the EPA Registration Number to read, "EPA Reg. No. 8848-65."
 - B. Revise the statement to read, "NOT FOR USE IN FEDERALLY INSPECTED MEAT AND POULTRY PLANTS."
 - C. The term active ingredient should be plural.

Signature of Approving Official:

Date:

- D. Revise the "IMPORTANT" section of your labeling to read as that on the Black Jack Automatic Indoor Fogger Roach Bomber II (EPA Reg. No. 8848-68).
3. On the Confidential Statement of Formula (CSF) statement the flash point (block 9) is listed as "<70 °F." This is too broad. If the flash point for your product is less than 20 °F then you must add "Extremely flammable" to the beginning of the Physical or Chemical Hazards section. At the very least you must add "Flammable" to the beginning of the section. Please provide the Agency with an accurate flash point and reflect it on the CSF. See 40 CFR 156.10 for more information.
- The pH of the product should be reflected in block 8 on the CSF.
4. Please note that EPA recently published in the Federal Register a rule for total release fogger pesticides. When this rule becomes effective you may be required to revise your labeling.
5. Submit two copies of the revised final printed label for the record. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

EPA EST. NO. 10806-NJ-1

KEEP OUT OF REACH OF CHILDREN CAUTION

STATEMENT OF PRACTICAL TREATMENT

IF ON SKIN: Wash with plenty of soap and water. Get medical attention.

IF INHALED: Remove victim to fresh air. If not breathing give artificial respiration, preferably mouth-to-mouth. Get medical attention.

See Side Panel For Additional
Precautionary Statements

NET WEIGHT: 7 OZ (212 GRAMS)

PRECAUTIONARY STATEMENTS

Hazards To Humans & Domestic Animals

CAUTION

Harmful if absorbed through skin or inhaled. Avoid contact with skin or clothing, and avoid breathing dust or spray mist. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

Do not use in food/feed areas of food handling establishments, restaurants or other areas where food/feed is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms but excluding areas where foods may be prepared or held.

Nonfood/nonfeed areas are areas such as garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

Physical Or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Do not place on stove or radiator. Exposure to temperatures above 130°F may cause bursting.

IMPORTANT! To avoid FLAMMABILITY HAZARD, use can as follows:

† Only one can per room.

† Do not place in cabinet or under counter or table.

† Shut off electrical equipment.

† Place can at least 6 feet from pilot lights

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

One 6 ounce aerosol can treats up to 6,000 cubic feet of unobstructed area (a room 30' x 25' with an 8 foot ceiling).

For Fleas and Ticks, use one 6 ounce can for every 1,500 cubic feet of room space.

STORAGE AND DISPOSAL

STORAGE: Store in a cool dry area inaccessible to children and pets and away from heat, sparks, open flame or pilot light.

DISPOSAL: Replace cap, wrap container in several layers of newspaper and discard in trash. Do not incinerate or puncture.

HOW TO USE:

Step 1: PREPARATION

Open cupboards, cabinets, trunks, and doors to area to be treated to allow maximum kill in all areas where insects can hide and breed. Close outside doors and windows and shut off fans and air conditioning to maximize killing power of fog. Remove pets, birds, and tightly cover or remove fish bowls and aquariums before spraying. Cover waxed wood floors and waxed furniture in the immediate area surrounding the fogger (News-papers may be used). Remove or cover exposed foods, dishes, utensils or food handling equipment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. Shut off electrical appliances. Do not place activated fogger in a cabinet or under a counter or table.

Step 2: ACTIVATION OF FOGGER

SHAKE WELL JUST BEFORE USING. Place a section of newspaper on a level floor surface in center of room to be treated. NOTE: Do NOT place fogger on water-stainable surface. Do not place can within 6 feet of pilot lights. Tilt can opening away from face and depress tab firmly with thumb until it clicks in locked position. Aiming spray away from face, set fogger on newspaper, leave room and close door. After activation, leave room or house at once. Keep area closed for 2 hours (30 minutes for flying insects) before airing out. Open all doors and windows and allow to air for 30 minutes. Repeat spraying in two weeks or when necessary.
