Ms. Martha A. LaRocco  
Safeguard Chemical Corp.  
411 Wales Ave.  
Bronx, NY 10454

Subject: Amend labeling per PR Notice 2001-1 and 2001-6  
Black Jack Total Release Indoor Fogger  
EPA Reg. Nos. 8848-65  
Application dated June 6, 2006

Dear Ms. LaRocco:

The above referenced labeling, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with the following comment:

- Under Precautionary Statements, revise the statement "Wash thoroughly with soap and water after handling" to read "***Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco***".

Please make the above stated revision and submit two copies of the final printed label to the Agency. See enclosed copy of the stamped label for your record.

If you have any questions please contact Dr. B.A. Akinlosotu at (703) 605-0653.

Sincerely,

A handwritten signature in black ink, appearing to read "G. LaRocca".

George T. LaRocca,  
Product Manager 13  
Insecticide Branch  
Registration Division (7505P)

**BLACK JACK  
TOTAL RELEASE INDOOR FOGGER**

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

One 7 ounce aerosol can treats up to 7,000 cubic feet of unobstructed area (a room 30' x 25' with an 8 foot ceiling). DO NOT use more than one fogger per room. DO NOT use in small, enclosed spaces such as closets, cabinets or under counters or tables. Do not use in a room 7 ft. x 7 ft. or smaller; instead, allow fog to enter from other rooms. Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc.) Call your gas utility or management company if you need assistance with your pilot lights.

**For Fleas and Ticks**, use one 7 ounce can for every 1,500 cubic feet of room space.

**HOW TO USE**

**Step 1: PREPARATION**

Open cupboards, cabinets, trunks, and doors to area to be treated to allow maximum kill in all areas where insects can hide and breed. Close outside doors and windows and shut off fans and air conditioning to maximize killing power of fog. Remove pets, birds, and tightly cover or remove fish bowls and aquariums before spraying. Cover waxed wood floors and waxed furniture in the immediate area surrounding the fogger (Newspapers may be used). Remove or cover exposed foods, dishes, utensils or food handling equipment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. Shut off electrical appliances. Do not place activated fogger in a cabinet or under a counter or table.

**Step 2: ACTIVATION OF FOGGER**

**SHAKE WELL JUST BEFORE USING.** Place a section of newspaper on a level floor surface in center of room to be treated.

**NOTE:** Do NOT place fogger on water-stainable surface. Do not place can within 6 feet of pilot lights. Tilt can opening away from face and depress tab firmly with thumb until it clicks in locked position. Aiming spray away from face, set fogger on newspaper, leave room and close door. After activation, leave room or house at once. Keep area closed for 2 hours (30 minutes for flying insects) before airing out. Open all doors and windows and allow to air for 30 minutes. Repeat spraying in two weeks or when necessary.

**For Fleas and Ticks**, use one 7 ounce can for every 1,500 cubic feet of room space.

**BLACK JACK  
TOTAL RELEASE INDOOR FOGGER**

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS & DOMESTIC ANIMALS  
CAUTION**

Harmful if absorbed through skin or inhaled. Avoid contact with skin or clothing, and avoid breathing dust or spray mist. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before re-use.

Do not use in food/feed areas of food handling establishments, restaurants or other areas where food/feed is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms, but excluding areas where foods may be prepared or held.

Non-food/non-feed areas are areas such as garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

<b>FIRST AID</b>	
<b>IF SWALLOWED:</b>	<ul style="list-style-type: none"> <li>*Immediately call a poison control center or doctor.</li> <li>*Do not induce vomiting unless told to do so by the poison control center or doctor.</li> <li>*Do not give <b>any</b> liquid to the person.</li> <li>*Do not give anything by mouth to an unconscious person.</li> </ul>
<b>IF ON SKIN OR CLOTHING:</b>	<ul style="list-style-type: none"> <li>*Take off contaminated clothing.</li> <li>*Rinse skin immediately with plenty of water for 15-20 minutes.</li> <li>*Call a poison control center or doctor for treatment advice.</li> </ul>
<b>IF IN EYES:</b>	<ul style="list-style-type: none"> <li>*Hold eye open and rinse slowly and gently with warm water for 15-20 minutes.</li> <li>*Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.</li> <li>*Call a poison control center for treatment advice.</li> </ul>
<b>IF INHALED:</b>	<ul style="list-style-type: none"> <li>*Move person to fresh air.</li> <li>*If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.</li> <li>*Call a poison control center or doctor for further treatment advice.</li> </ul>
<b>NOTE TO PHYSICIAN</b>	
<b>Contains petroleum distillate.</b> Vomiting may cause aspiration pneumonia.	
Have the product container or label with you when calling center or doctor or going for treatment. You may also contact 1-800-858-7378 for emergency medical treatment information.

TOTAL RELEASE INDOOR FOGGER**

**PHYSICAL OR CHEMICAL HAZARDS**

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Do not place on stove or radiator. Exposure to temperatures above 130 degrees F. may cause bursting.

This product contains a highly flammable ingredient.  
It may cause a fire or explosion if not used properly.  
Follow the "Directions for Use" on this label very carefully.

Highly Flammable Ingredient!  
Ingrediente Altamente Inflamable!

**IMPORTANT!** To avoid **FLAMMABILITY HAZARD**, use can as follows:

**DO NOT** use more than one fogger per room. **DO NOT** use in small, enclosed spaces such as closets, cabinets or under counters or tables. Do not use in a room 7 ft. x 7 ft. or smaller; instead, allow fog to enter from other rooms. Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc.) Call your gas utility or management company if you need assistance with your pilot lights.

**For Fleas and Ticks**, use one 7 ounce can for every 1,500 cubic feet of room space.

**STORAGE AND DISPOSAL**

**STORAGE:** Store in a cool dry area inaccessible to children and pets, and away from heat, sparks, open flame or pilot light.

**DISPOSAL:** Do Not Puncture or Incinerate!

**IF EMPTY:** Place in trash or offer for recycling if available.

**IF PARTLY FILLED:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.
