Subject: Label Notification(s) for Pesticide Registration Notice(s) 2001-1
2001-6 and 2007-4 and Addition of Alternate Brand Name

Dear Ms. LaRocco:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notice (PRN's) 2001-1, 2001-6 and 2007-4 and dated April 12, 2010 for the following product(s):

Black Jack Multipurpose 0.5% Insecticide

EPA Reg. No. 8848-73

The Registration Division (RD) has conducted a review of this request for applicability under PRN's 2001-1, 2001-6 and 2007-4 and finds that the label change(s) requested falls within the scope of PRN's 2001-1, 2001-3-6 and 2007-4. The label has been date-stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact Regina Foushee'-Smith at 703-605-0780.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard J. Gebken".
