SHAMPOO**

**Kills Fleas, Ticks and Lice • Deodorizes •
Controls Skin Bacteria • Leaves Coat Soft
and Clean-Smelling • Lathers Freely in
Hard Water**

Directions: Wet coat thoroughly with water.
Starting with head, rub shampoo into coat
until dog is completely covered with foamy
lather. Allow lather to remain five minutes.
Rinse thoroughly. Always work from the
head to prevent fleas from getting into ears
and eyes. For tick control, apply a small amount
of undiluted shampoo directly to ticks present
after final rinse.

Do not use more often than twice each week.
Do not reuse container. Destroy when empty.
