ALGAE-STOP

DIRECTIONS:
HOW MUCH TO USE
WHEN ALGAE IS NOT VISIBLE: In freshly filled pools or pools showing no visible algae growth and for maintenance dosage, add **ALGAE-STOP** according to the maintenance chart below:

POOL CAPACITY	MAINTENANCE DOSAGE ADD EVERY 3 DAYS
780 gal.	2 oz.
1,560 gal.	4 oz.
3,120 gal.	8 oz.
6,240 gal.	16 oz.
12,480 gal.	1 qt.
24,960 gal.	½ gal.

WHEN ALGAE IS VISIBLE: If algae growth is visible, add 1¼ gallons **ALGAE-STOP** per 12,500 gallons of water to kill and control algae species most commonly found in swimming pools. If algae growth is just visible, the initial dose must be 1¼ gallons per 12,500 gallons, followed by cleaning out settled algae and applying **ALGAE-STOP** as stated in maintenance dosage.

IF WARM WEATHER prevails or pool has unusually heavy use, maintenance dosage may have to be repeated more frequently.

HOW TO USE

Mix required amount of **ALGAE-STOP** into a bucket of water and distribute evenly throughout pool water.

ALGAE-STOP

ALGAE CONTROL

FOR SWIMMING POOLS
HELPS KEEP POOL WATER CLEAR
AND FREE OF GROWING ALGAE

ACTIVE INGREDIENTS

n-Alkyl (50% C₁₄, 40% C₁₂, 10% C₁₆) dimethyl
 benzyl ammonium chloride 5%

INERT INGREDIENTS 95%

WARNING:

KEEP OUT OF REACH OF CHILDREN

Rinse empty container thoroughly with water and discard it. See antidote statement and other required statements on the side panels.

NET CONTENTS: 128 FL. OZ. (1 U.S. Gal.)

EPA Registration No. 8866-9

ALGAE-STOP

WARNING

Keep out of reach of children. Corrosive. Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

FIRST AID

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, **PROMPTLY** drink a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

THIS PRODUCT IS TOXIC TO FISH. Treated effluent should not be discharged where it will drain into lakes, streams, ponds, or public water. Apply this product only as specified on this label.
