## PRECAUTIONARY STATEMENTS

### HAZARDS TO HUMANS AND DOMESTIC ANIMALS!

**Corrosive.** Causes irreversible eye damage or skin burns. May be harmful if inhaled or absorbed through the skin. May be fatal if swallowed. Do not get in eyes, on skin, or on clothing. Avoid breathing vapors. User should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. User should remove contaminated clothing and wash clothing before reuse.

### ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and wildlife. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

## DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For additional use information, see Crompton Euretlin TBTO Technical Data Sheet which can be obtained from Crompton sales representatives.

Labels for pesticide formulations containing Euretlin TBTO must be registered with the Environmental Protection Agency (EPA). Each formulator should consult with EPA for information on the procedures required to obtain registration.

## STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Open burning and dumping is prohibited.

**PESTICIDE STORAGE:** Store in a cool, dry area, not near food or foodstuff. Avoid elevated temperatures.

**PESTICIDE DISPOSAL:** Pesticide, spray mixture, or rinse water that cannot be used according to label instructions must be disposed of according to applicable federal, state, or local procedures.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
