8906-1

Date of Issuance:
DEC 10 1999

NOTICE OF PESTICIDE:
 Registration
 Reregistration

Term of Issuance:
Conditional

(under FIFRA, as amended)

Name of Pesticide Product: 4-CPA

Name and Address of Registrant (include ZIP Code):

LaChoy Food Products
 A Division of Hunt-Wesson, Inc.
 1645 W. Valencia Drive
 Fullerton, CA 92634

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

In the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the Reregistration Eligibility Document, EPA has reregistered the product listed above. Enclosed is a copy of your label stamped "Accepted." This action is taken under the authority of section 4(g)(2)(c) of the Federal Insecticide, Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.

DANGER
KEEP OUT OF REACH OF CHILDREN

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

DANGER. Corrosive. Causes irreversible eye damage. Do not get in eyes or on clothing. Harmful if swallowed or absorbed through skin. Avoid contact with skin. Wear face shield or safety glasses. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

Personal Protective Equipment (PPE) for Handlers (Mixer Loaders and Applicators); Applicators and other handlers must wear goggles.

Application Restrictions: Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.

USER SAFETY REQUIREMENTS
Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from laundry.

USER SAFETY RECOMMENDATIONS

- Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS: Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public water unless this product is specially identified and addressed in a NPDES permit. Do not discharge this product to sewer systems without previously notifying the sewage plant authority. For guidance, contact your State Water Board or Regional Office of EPA.

ACCEPTED
DEC 10 1999
Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 8906-1

STATEMENT OF PRACTICAL TREATMENT

IF IN EYES:	Hold eyelids open and flush with steady, gentle stream of water for 15 minutes. Get medical attention.
IF SWALLOWED:	Call a physician or get medical attention. Do not induce vomiting or give anything by mouth to an unconscious person. Drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol.
IF ON SKIN:	Wash with plenty of soap and water. Get medical attention.
IF INHALED:	Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention.
NOTE TO PHYSICIAN:	Probable mucosal damage may contraindicate the use of gastric lavage. See Material Safety Data Sheet in laboratory medical files for specific information on symptomatology, supportive treatments and medicines to counteract any physiological effects observed.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Read entire label before using this product.

- Use this product to improve yield and quality of mung bean sprouts, by producing rootless sprouts which are easier to handle.
- Mix 9 to 12 grams of 4-Chlorophenoxyacetic Acid in 1 liter of boiling water until completely dissolved. Then add this mixture to 1,150 gallons of water. (This produces a 2 to 3 ppm concentration of 4-CPA in water.)
- Soak 3,500 pounds of mung beans in this solution for 6 to 8 hours, depending on the imbibing quality of the beans being treated.
- Follow this soaking period with a thorough rinse using fresh water.
- Sprout and process beans by normal commercial methods.
- Do not feed treated hulls or bean parts to livestock.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

STORAGE: Store contents in a cool dry place. Avoid storage in close proximity to fertilizers, seeds, insecticides, or fungicides.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Completely empty container by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of container in sanitary landfill or by incineration if allowed by state or local authorities. If drum cannot be reused, dispose of in the same manner.
