| Lathrop, CA 95330   |                           |               |
|   |                           |               |
|   |                           |               |
| NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.  |                           |               |
| On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.   |                           |               |
| A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.   |                           |               |
| Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others. |                           |               |
| This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:   |                           |               |
| 1. Submit/cite all data required for registration/ reregistration of your product under FIFRA Section 3(c)(5) and sec. 4 when the Agency requires all registrants of similar products to submit such data.  |                           |               |
| 2. Make the labeling changes listed below before you<br>you release the product for shipment:   |                           |               |
| a. Add the phrase "EPA Registration No. 8917-18" to your label before you release the product for shipment.   |                           |               |
| 3. Submit five (5) copies of your final printed labeling before you release the product for shipment.   |                           |               |
| If these conditions are not complied with, this registra-<br>tion will be subject to cancellation in accordance with FIFRA<br>sec. 6(e). Your release for shipment of the product constitutes<br>acceptance of these conditions.  |                           |               |
| A stamped copy of the lab   | oel is enclosed for       | your records. |
| ATTACHMENT IS APPLICABLE  |                           |               |
| SIGNATURE OF APPROVING OFFICIAL   |                           | DATE 1000     |

# RESTRICTED USE PESTICIDE DUE TO SEVERE TISSUE CORROSIVE ACTION

For retail sale to and use only by Certified Applicators or persons under their direct supervision and only for those uses covered by the Certified Applicator's certification.

with EPA Letter Dated

MAY 1.6 1996.

KEEP OUT OF REACH OF CHILDREN

DANGER PELIGRO

**POISON** 

Under the Federal Insecticide, Fundicide, and Rodenticide Act an amended, for the pesticide registered under EPA Reg. No.

Si usted no entiende la etiqueta, busque a alguien para que se la explique en detalle. (If you do not understand this label, find someone to explain it to you in detail.)

CAUSES SEVERE BURNS. Contents may be under pressure of explosive hydrogen gas. Keep away from heat, sparks and flames. Do not add water to container because of violent reactions.

### STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Flush with water for at least 15 minutes. Get medical attention immediately.

IF ON SKIN: Flush with running water for at least 15 minutes to wash material off body. Remove contaminated clothing (under a shower if possible) and subject person to a deluge-type shower, if possible. Get medical attention immediately.

IF INHALED: Remove person from exposure area to fresh air and support breathing.

IF SWALLOWED: Rinse mouth with large amounts of water. DO NOT INDUCE VOMITING. Drink large quantities of milk mixed with egg whites or if this is not available, water. Do not give anything by mouth to an unconscious person.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Avoid alcohol.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirement to your State or Tribe consult the agency responsible for pesticide regulation.

### AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), notification to workers, and restricted entry intervals. The requirements in this box only apply to uses of this product that are covered by this Worker Protection Standard.

Do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of five (5) days. PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil or water, is: Coveralls over long-sleeved shirt and long pants; Waterproof gloves; Chemical -resistant footwear plus socks; Protective eyewear; Chemical-resistant headgear for overhead exposure.

Notify workers of the application by warning them orally and posting warning signs at entrances to treated areas.

TO KILL POTATO VINES: Apply undiluted sulfuric acid (93%) 17-28 gallons per acre, per application. Apply at least 5 days prior to harvest to allow tubers to mature. Repeat after 5 days if vines are not completely desiccated. Do not harvest within 5 days of application.

### STORAGE AND DISPOSAL

STORAGE: Do not contaminate water, food or feed by storage or disposal. Contents may be under pressure of explosive hydrogen gas. Keep away from heat, sparks and flames. Do not add water to container because of violent reactions.

DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions contact your State Pesticide or Environmental Control Agency or the hazardous waste representative at the nearest EPA Regional Office for guidance.

Left panel

## PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

### DANGER PELIGRO

Corrosive. Causes irreversible eye damage and skin burns. May be fatal if swallowed, inhaled or absorbed through the skin. Do not add water to containers because of violent reactions.

### PERSONAL PROTECTIVE EQUIPMENT

Applicators and other handlers must wear:

- · Coveralls over long-sleeved shirt and long pants
- · Waterproof gloves
- Chemical-resistant footwear plus socks
- Protective eyewear
- · Chemical-resistant headgear for overhead exposure
- · Chemical-resistant apron when cleaning equipment, mixing or loading
- Dust/mist filtering respirator (MSHA/NIOSH approval number prefix TC-21C)

An adequate supply of water for drenching purposes should be immediately available. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

### USER SAFETY RECOMMENDATIONS

### **USERS SHOULD:**

- 1. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
- 2. Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- 3. Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

### ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to fish and wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.
