PETRX TICK AND FLEA CONCENTRATE is an effective agent which will kill these external parasites on dogs and cats (ticks, including brown dog ticks, fleas, lice) and when used as directed, will, in addition, provide temporary protection against re-infestation. Do not use on kittens or puppies under 4 weeks of age.

DIRECTIONS FOR USE: Make a solution of one tablespoon of concentrated powder per pint of water. One pint is usually sufficient for the average sized dog. Sponge on hair coat until saturated. Let coat dry naturally. Repeat at 7 day intervals for a total of 3 treatments.

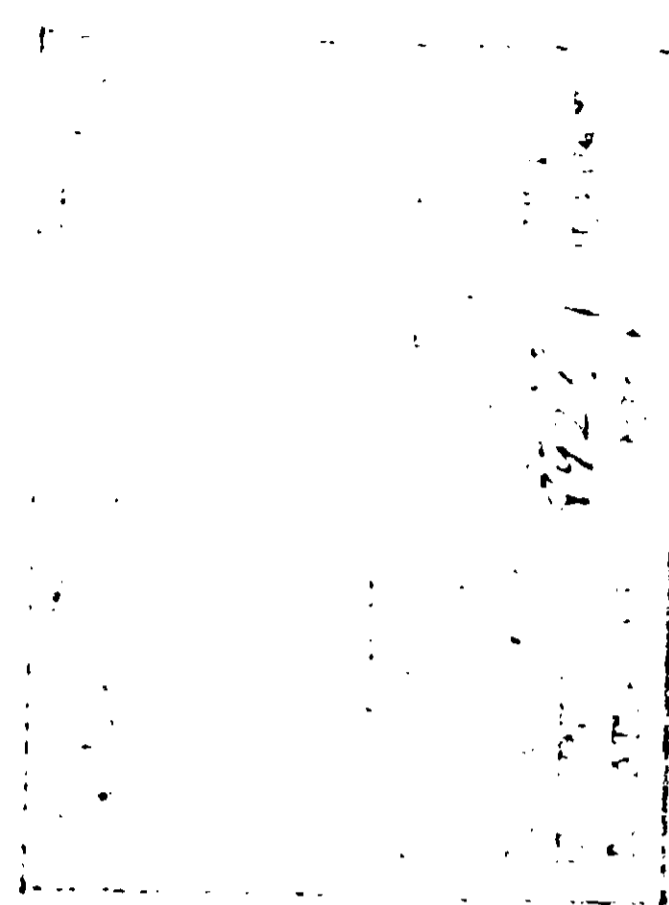

CAUTION: Concentrate may be harmful if inhaled or swallowed. Avoid breathing dust. Avoid contact with skin. Wash hands after use. Avoid storage near foods. **CAUTION - KEEP OUT OF REACH OF CHILDREN**
