STORAGE AND DISPOSAL

STORAGE

Contains 7675 Oil Field Bactericide should be stored in an area approved for flammable products. Keep drum openings capped to prevent evaporation or product condensation. Leaks of solvent can result in gelling.

PREVENTIONS

Do not concentrate water, land, or feed by storage or disposal.

PESTICIDE DISPOSAL

Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or waste is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL

Triple rinse (or equivalent) then allow for recycling or reuse, or purchase and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities.
