Questions:

Subject: Carazic 7765 Curative Inhibitor/Microbicide
EPA Registration No. 8928-18
Toxic Substances Data September 5, 1991

The amendment (moving acetic acid from active to inert), submitted in connection with registration under FIFRA, is acceptable provided that you:

1. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling.
 - a. Delete the letter "a." Only one active is declared.
 - b. It is preferred that the right panel preliminary statements "Statement of Practical Treatment" be grouped with the other preliminary statements on the left panel.
 - c. Delete the "enclomation point" which is next to the signal word (center panel).
 - d. It is preferred that the statements

KEEP OUT OF REACH OF CHILDREN
DANGER

Do placed directly below the ingredient statement section, but above the statements, "Corrosive, Causes eye and skin damage."

e. Add a referral statement to the front panel to read:

See side panel for additional precautionary statements.

f. Add the following statements to the precautionary labeling section:

Wash thoroughly with plenty of soap and water after handling.

g. Delete:

Measures against circulatory shock, respiratory depression and convulsion may be needed.

2. Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.
3. A stamped copy of the labeling is enclosed for your records.
4. Please note that the revised Confidential Statement of Formula dated 9-6-91 and 9-19-91 has been routed for review and you will be notified when the reviews are completed.

If you have any questions concerning this letter, contact Valdis Goncarova at (703) 557-3663.

Sincerely yours,

John N. Lee

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
ENVIRONMENTAL HAZARDS**

This pesticide is toxic to fish. DO NOT apply in marine or estuarine oil fields. DO NOT discharge effluent containing this active ingredient into lakes, streams, ponds, estuaries, oceans, or public waters unless this product is specifically identified and addressed in an NPDES permit. DO NOT discharge effluent containing this product to sewer systems without previously notifying the Sewage Treatment Plant Authority. For guidance contact your State Water Board or regional office of the EPA.

STORAGE AND DISPOSAL

STORAGE

KEEP OUT OF REACH OF CHILDREN. Store in original container in an area approved for flammable liquids. Keep drum caps tightly closed to prevent evaporation or product contamination.

PROMPTIONS

DO NOT contaminate water, food, or feed by storage or disposal of this product.

PESTICIDE DISPOSAL

Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or dilute is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste Response Division at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL

Triple-rinse (or equivalent), then recycle by recycling or reconditioning or puncture and dispose of in a sanitary landfill or by other methods approved by State or Federal authorities.
