PERLITE plus SEVIN*

DIRECTIONS FOR USE

Sup-Ro Perlite Plus SEVIN* Sod Webworm 5% Granules plus Blue Chip Nitroform non-burning fertilizer will give you a lush green lawn all summer long. To keep your lawn green during the hot summer months requires three steps: Fertilizer, sod webworm control and water. It is suggested this product be used every six-eight weeks during the summer months, depending on the activity of the sod webworms. This product is safe for use on bluegrass, zoysia and bermuda lawns.

WHEN TO APPLY: In May, June, July, August and September when numerous moths can be seen flying low over bluegrass lawns during early evening. Applying Perlite Plus SEVIN* sod webworm granules anytime within the next week will prevent damage from hatching worms. If damage was heavy the preceding year an early application will prevent spring damage from overwintering worms.

APPROXIMATE SPREADER SETTINGS

Scott and Lawn Beauty	7
Greenfield and Central	8
Cyclone and Similar Spreaders	4
Most Other Spreaders	9

HOW TO APPLY: For best results cut lawn close, remove clippings and water before treatment to bring lawn insects to the surface.

Treat the entire lawn evenly and thoroughly at the rate of 5 pounds of Perlite Plus SEVIN* granular insecticide per 1000 sq. ft. Apply with a spreader for uniform coverage. Work material in with a coarse water spray after treatment. Perlite Plus SEVIN* Granular Insecticide will aid in the control of fall armyworms, ants and millipeds.

CAUTION: Harmful if swallowed or inhaled. Do not take internally. Avoid contact with skin. Wash thoroughly after handling. Change contaminated clothing daily. Avoid contamination of feed and foodstuffs. Avoid breathing of dust. Keep out of reach of children.

Dispose of the empty plastic bag in trash disposal container immediately. Do not attempt to use bag for any other purpose.

NOTICE: Seller's guarantee shall be limited to the terms of the label, and subject thereto the buyer assumes any risk to persons or property arising out of the use or handling and accepts the product on these conditions.
