KILLS
DDT
RESISTANT
FLIES

An effective combination of pyrethrins and piperonyl butoxide. May be used in the home and garden for the control of insects. Effective against flies resistant to DDT. May be sprayed around patios, as directed, to aid in reducing annoyance of insects in outdoor areas.

CAUTION:

DIRECTIONS FOR USE

Hold container upright. Shake well before use. Do not spray near food or animals.

FOR THE CONTROL OF HOUSEHOLD INSECTS

Start in the living room. Spray around the perimeter of the room. Repeat every 2-3 days until insects are eliminated.

FOR THE CONTROL OF GARDEN INSECTS

Spray around the perimeter of the garden. Repeat every 2-3 days until insects are eliminated.
