Alpharetta, GA 30004

Subject: Label Amendment – To update label language  
Product Name: Algaetrine  
EPA Registration Number: 8959-5  
Application Date: October 27, 2020  
Action Case Number/Decision Number: 00217301

Dear Ms. Holcombe:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

EPA Reg. No. 8959-5  
Action Case Number/Decision Number: 00217301

with FIFRA section 6. If you have any questions, please contact Emilia Oiguenblik at [Oiguenblik.emilia@epa.gov](mailto:Oiguenblik.emilia@epa.gov) or Aline Heffernan at [Heffernan.Aline@epa.gov](mailto:Heffernan.Aline@epa.gov)

Sincerely,

Aline Heffernan  
Acting Product Manager Team 31  
Regulatory Management Branch I  
Antimicrobials Division (7510P)  
Office of Pesticide Programs

Enclosure: Stamped label

Note to reviewer:

[All text in brackets [AAA] is optional and may/may not be included on all end-use labels]

{All text in braces {AAA} is for information purposes and will not appear on final label}

# ALGAETRINE®

## ACTIVE INGREDIENTS:

Copper Ethanolamine Complex, Mixed

(Mono CAS # 14215-52-2 and Tri CAS # 82027-59-6)\* .....6.48%

OTHER INGREDIENTS: .....93.52%

TOTAL: .....100.00%

\*Metallic copper equivalent, 2.09%

This product contains 0.18 lbs. of elemental copper per gallon.

**ACCEPTED**

**07/29/2021**

Under the Federal Insecticide, Fungicide  
and Rodenticide Act as amended, for the  
pesticide registered under

**FIRST AID**

**IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give anything by mouth to an unconscious person.

**IF IN EYES:** Hold eyelids open and rinse slowly with water for 15 to 20 minutes. Remove contact lenses if present after 5 minutes then continue rinsing eye. Call poison control center or doctor for treatment advice.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**IN CASE OF EMERGENCY CALL: 1-800-654-6911.**

**PRECAUTIONARY STATEMENTS****HAZARDS TO HUMANS AND DOMESTIC ANIMALS:**

**CAUTION: Harmful if swallowed or absorbed through skin.**

[•] Avoid contact with skin, eyes or clothing.

[•] Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

[•] Remove and wash contaminated clothing before reuse.

**PHYSICAL OR CHEMICAL HAZARDS**

Do not mix with other chemicals.

**ENVIRONMENTAL HAZARDS:**

This product is toxic to fish and aquatic organisms.

## **DIRECTIONS FOR USE:**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

### **READ ALL PRECAUTIONARY STATEMENTS BEFORE USE.**

#### **{Use 1} [SWIMMING POOLS]**

##### **{Mass Channel}**

**[WHY YOU SHOULD USE THIS PRODUCT:** [This is [a][an] [effective] long-lasting [, non-foaming] [algaecide] [product] that [prevents and kills][kills and prevents] green[, ] [black] and [mustard][yellow] algae.] With one treatment, this product will prevent algae growth in your [swimming] pool for up to [three][3] months.] [For best results, use with other [brand name] [pool care] products.]

##### **{Dealer Channel}**

**[WHY YOU SHOULD USE THIS PRODUCT:]** This [non-foaming] [[long-lasting] [concentrated] algaecide prevents and kills green and [mustard][yellow] algae. [One treatment [of this economical formula] [of this patented formula] will prevent algae growth in your swimming pool for up to [three months] [90 days]. [Take a sample of pool water to your Authorized [brand] Dealer regularly for a detailed water analysis.]]

##### *{Optional statement for pool care program for [Brand A]}*

[For crystal clear pool water, follow the [Brand A] 4 step pool care program: Step 1: Test and adjust pool water balance, Step 2: Chlorinate and clarify, Step 3: Shock treat your pool at least once a week, and Step 4: Add algaecide regularly].

##### *{Optional statement for pool care program with the [Brand B]}*

[For crystal clear pool water, follow the [Brand B] 3-Step Program: Step 1: Test and balance pool water, Step 2: Sanitize, and Step 3: Shock at least once a week.]

##### *{Optional statement for pool care program for the [Brand C]}*

[Take a pool water sample to your authorized [Brand C] retailer for a detailed water analysis.]

[[Download the [FREE] [Test to Swim™] [application name] app from your smartphone] [for expert water analysis, product recommendations, and dosage instructions].]

[Visit a [Test to Swim™ Station] [device/station name], at participating retailers, for expert water analysis, product recommendations and dosage instructions. [To find a participating retailer near you, visit [www.hthpools.com/XXX](http://www.hthpools.com/XXX)].]

[Use a [Test to Swim™ Station] [device/station name] (at participating retailers) or download the Test to Swim™ [application name] app from your smartphone] [for expert water analysis, product recommendations, and dosage instructions].]

#### **[HOW TO USE:][METHOD OF APPLICATION:]**

This product works best when added [in several places] directly to the [pool] water with the pump running. After addition of algaecide, keep the pump running for at least 8 hours. [Pools with heavy growth of algae must be cleaned prior to using this product.] Maintain pool water pH from 7.2 to 7.8. [Adjust pH to 7.2 for severe algae.] Do not exceed the label dosing recommendations.

**[OPENING YOUR POOL][:] [and/or] [INITIAL DOSE:]** Use [a sequestering agent][name of a sequestering agent product] to prevent scale and stain formation. [Next, add 16 fl. oz. of [this product][brand name] per 10,000 gallons of pool water.]

**[MAINTENANCE DOSE:** Add 16 fl. oz. of [this product][brand name] per 10,000 gallons of pool water every three months to prevent algae growth.]

**[VISIBLE ALGAE [GROWTH]:** Add 16 fl. oz. of [this product][brand name] per 10,000 gallons of pool water.] [When pool is free of visible algae, use the "Maintenance Dose."]

**[SEVERE ALGAE:** Add 32 fl. oz. of [this product][brand name] per 10,000 gallons pool water. Once control is obtained, resume regular preventive maintenance with [this product][brand name].]

**[CLOSING YOUR POOL] [WINTERIZING]:** Add 16 fl. oz. of [this product][brand name] per 10,000 gallons of pool water. [This dosage helps control algae growth during the winter months and aids the servicing of the pool before it is returned to use the following summer.] [Follow recommended [brand] pool closing procedure.]

**[SHOCK TREATMENT / SUPERCHLORINATION:**

[As a preventative treatment, shock treat your pool once per week [with [brand] shock treatment. In addition to weekly shock treatment, shock treat to remedy problems which may occur when bathing loads are high, water appears hazy or dull, unpleasant odors or eye irritation occur, after heavy wind and rainstorms, or if algae does develop with resulting green color and slimy feeling.]

[Shock treat your pool once a week to destroy bacteria & bather waste. Additional shock treatments may be necessary to remedy problems which may occur when bather loads are high, water appears hazy or dull, unpleasant odors or eye irritation occur, after heavy wind and rainstorms, or if algae does develop with green, black or mustard color and slimy feeling.]]

**DISCHARGE DIRECTIONS:**

Before draining a treated pool contact your local sanitary sewer and storm drain authorities and follow their discharge instructions. Do not discharge treated pool or spa water to any location that flows to a gutter, storm drain or natural water body unless discharge is allowed by state and local authorities.

## **{Use 2} [SPAS & HOT TUBS]**

**[WHY YOU SHOULD USE THIS PRODUCT:** [This is long-lasting [, non-foaming] [algaecide] [product] that prevents and kills [green], and [yellow][mustard] algae.] With one treatment, this product will prevent algae growth in your spa for up to three months.] [For best results, use with other [brand name] [spa care] products.]

[This algaecide can be used in conjunction with chlorine or bromine sanitizer systems.]

### **[HOW TO USE:][METHOD OF APPLICATION:]**

This product works best when added [in several places] by itself directly to spa or hot tub water with the pump running.

Use [a sequestering agent][name of a sequestering agent product] to prevent scale and stain formation. Maintain spa water in the pH from range 7.2 to 7.8. Add 0.8 fl. oz. [(1 1/2 tablespoons (Tbsp))] per 500 gallons water upon filling of spa or hot tub. For visible algae growth or slimy interior, treat with 1.6 fl. oz. [(3 Tbsp)] per 500 gallons. Remove algae debris. For maximum effectiveness, spas containing heavy algae growth must be drained, cleaned with appropriate surface cleaner, and refilled with fresh water prior to treatment.]

[[Download the [FREE] [Test to Swim™] [application name] app from your smartphone] [for expert water analysis, product recommendations, and dosage instructions].]

[Visit a [Test to Swim™ Station] [device/station name], at participating retailers, for expert water analysis, product recommendations and dosage instructions. [To find a participating retailer near you, visit [www.hthpools.com/XXX](http://www.hthpools.com/XXX)].]

[Use a [Test to Swim™ Station] [device/station name] (at participating retailers) or download the Test to Swim™ [application name] app from your smartphone] [for expert water analysis, product recommendations, and dosage instructions].]

### **DISCHARGE DIRECTIONS:**

Before draining a treated spa contact your local sanitary sewer and storm drain authorities and follow their discharge instructions. Do not discharge treated spa water to any location that flows to a gutter, storm drain or natural water body unless discharge is allowed by state and local authorities.

### **STORAGE & DISPOSAL:**

*{Nonrefillable container - household/residential use}*

[Keep this product in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Nonrefillable container. Do not reuse or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available or place in the trash. Do not contaminate food or feed by storage or disposal or cleaning of equipment.]

*{Nonrefillable container – single-use, non-resealable package}*

[Keep this product in its tightly closed container. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Nonrefillable container. Do not reuse or refill this container. Rinse and discard empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available or place in the trash. **{Pool Capacity}**

HOW TO CALCULATE POOL CAPACITY IN U.S. GALLONS	
POOL SHAPE	FORMULA (Dimensions in feet)
Rectangular:	$L \times W \times AD \times 7.5 = \text{total gallons}$
Round:	$Di \times Di \times AD \times 5.9 = \text{total gallons}$
Oval:	Maximum L x maximum W x AD x 5.9 = total gallons
Freeform:	Surface area (sq. feet) x AD x 7.5 = total gallons

L = Length, W = Width, AD = Average Depth, Di = Diameter

{or}
