

# BLACK ALGAETRINE

## ALGAECIDE For Swimming Pools

- Controls black and other resistant forms
- Kills and Prevents Black Algae
- Controls the Growth of Problem Algae
- Your black algae problem solver!
- Formulated specifically for treating black algae
- Eliminates and prevents black algae
- Effective treatment against black algae
- Controls other resistant forms of algae
- Works in 24 hours
- Non-foaming formula
- No pH adjustment necessary before use
- Prevents reoccurrence of black algae

### ACTIVE INGREDIENTS:

Copper as elemental*	3.07%
n-Alkyl(50% C <sub>14</sub> , 40% C <sub>12</sub> , 10% C <sub>16</sub> ) dimethyl benzyl ammonium chloride	26.34%
<b>OTHER INGREDIENTS:</b>	<b>70.59%</b>
<b>TOTAL</b>	<b>100.00%</b>

This product contains 0.26 lbs. of elemental copper per gallon.  
\* From Mixed Copper Ethanolamine Complexes.

in EPA letter Dated:

DEC 16 2002

under the Federal Insecticide,  
Fungicide, and Rodenticide Act as  
amended, for the pesticide,  
registered under EPA Reg. No.

8959-14

### WHY YOU SHOULD USE THIS PRODUCT

This product will kill and help prevent future growth of black algae. It is most effective when used in conjunction with other Applied Biochemists pool care products. For crystal clear pool water, follow our 4 step pool care program: Step 1: Test and adjust pool water balance, Step 2: Chlorinate and clarify, Step 3: Shock treat your pool at least once a week, and Step 4: Add algaecide regularly

This product works best when added by itself directly to pool water; therefore, it should not be mixed with soap or other cleaners or pre-mixed with other water treating chemicals.

### DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

- ✓ This product controls the growth of problem algae in swimming pools. Brush algae spots prior to application. If necessary brush once each day for two days following application. This product comes concentrated; therefore, dilute the proper dosage of the concentrate with at least nine parts of water. Apply this diluted dosage through a plastic watering can into the water around the edge of the pool.
- ✓ **MAINTENANCE DOSE:** (Free of visible algae) Apply 6 oz. of this product per 10,000 gallons of pool water every 5 to 7 days. NOTE: If high temperatures prevail or pool has unusually heavy use, add maintenance dose more frequently.
- ✓ **VISIBLE ALGAE GROWTH:** 12 oz. of this product per 10,000 gallons of pool water. Settled algae debris may be removed by vacuuming.
- ✓ **VERY DIRTY POOL WITH HEAVY ALGAE GROWTH:** First vacuum, clean, and scrub walls. Apply dose of 12 oz. of this product per 10,000 gallons of pool water. Vacuum to remove algae debris.

### TO ESTIMATE POOL CAPACITY

Square or Rectangular Pools - L x W x D x 7.5 = Gallons  
Circular or Elliptical Pools - L x W x D x 5.9 = Gallons

### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**DANGER: CORROSIVE** Causes irreversible eye damage and skin burns. Harmful if swallowed. May be fatal if absorbed through the skin. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield, rubber gloves and protective clothing when handling. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco. Remove contaminated clothing and wash before reuse.

**FIRST AID:** If in Eyes: Hold eyelids open and rinse slowly with water for 15-20 minutes. Remove contact lenses if present after 5 minutes then continue rinsing eyes. Call poison control center or doctor for treatment advice. If Swallowed: Call a poison control center immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage.

### ENVIRONMENTAL HAZARDS

This product is toxic to fish and aquatic organisms.

### STORAGE AND DISPOSAL

Store in original container in a locked storage area inaccessible to children and persons unfamiliar with its use. Do not reuse empty container. Wrap container and put in trash.
