

Marianne Radtke  
Applied Biochemists, Inc.  
6120 W. Douglas Ave.  
Milwaukee, WI 53218

Dear Ms. Radtke:

Subject: 6(a)(2) Adverse Data - Revised Labeling  
Trine 09  
EPA Registration No. 8959-32  
Your Submission Dated October 19, 1994

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended is acceptable provided that you:

1. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:

a. In the Precautionary Statements section delete "Keep Out of the Reach of Children". This statement is not required in this section.

b. In the Environmental Hazards section reinstate:

This product is toxic to fish.

Delete "Fish toxicity is dependent....water does not exceed 50 ppm". These statements are not needed on this manufacturing use product.

c. Place the Storage and Disposal Section in the Directions for Use section.

d. Since this product is in Toxicity Category I - DANGER, you must use the following acutely hazardous Pesticide Disposal Statements required by PR Notice 83-3:

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional office for guidance.

Add the headings PESTICIDE DISPOSAL and CONTAINER DISPOSAL to the appropriate sections in the STORAGE AND DISPOSAL section.

f. The preferred location for "Keep Out Of The Reach Of Children" is immediately above the Signal Word DANGER.

g. In the Precautionary Statements the statement "May cause sensitization reactions in certain individuals" is not needed since the statement "Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals" already appears in this section.

2. Submit one (1) copy of your final printed labeling before you release the product for shipment.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

  
Cynthia Giles-Parker  
Product Manager (22)  
Fungicide-Herbicide Branch  
Registration Division (7505C)

# trine 09

For Manufacturing Use Only

## ACTIVE INGREDIENTS

Copper\* as elemental . . . . . 9.0%

INERT INGREDIENTS . . . . . 91.0%

\*From mixed Copper ethanalamine complexes.

## DANGER

KEEP OUT OF REACH OF CHILDREN

See Side Panel for Additional Precautionary Statements

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product may be used for the formulation of algaecides and wood preservatives. Formulators using this product are responsible for obtaining EPA registration for their formulated products.

## STATEMENT OF PRACTICAL TREATMENT

**If in eyes:** Call a physician. Hold eyelids open and flush with a steady gentle stream of water for 15 minutes.

**If on skin:** Wash with plenty of soap and water. Get medical attention.

**If swallowed:** Drink promptly a large quantity of milk, egg white, gelatin solution, or if these are not available, large quantities of water. Avoid alcohol. Get medical attention. Do not induce vomiting or give anything by mouth to an unconscious person.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage.

## PRECAUTIONARY STATEMENTS

Hazards to Humans and  
Domestic Animals

## DANGER

KEEP OUT OF REACH OF CHILDREN

**CORROSIVE.** Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. May cause sensitization reactions in certain individuals. Wear goggles or face shield and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals.

## ENVIRONMENTAL HAZARDS

This product may be toxic to trout and other species of fish. Fish toxicity is dependent upon the hardness of water. Do not use in water containing trout if the carbonate hardness of water does not exceed 50 ppm. Do not discharge into lakes, streams, ponds, estuaries, oceans or public waters unless in accordance with the requirements of a NPDES permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the Environmental Protection Agency.

## STORAGE & DISPOSAL

Keep container closed when not in use. Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. Pesticide spray mixture or rinsate that cannot be used or chemically reprocessed should be disposed of according to procedures approved by Federal, State or local disposal authorities. Reseal container and offer for recondition or, triple rinse (or equivalent) and offer for recycling, reconditioning or disposal in approved landfill or bury in a safe place. Consult Federal, State or local disposal authorities for approved alternative procedures.

## NOTICE

Neither the manufacturer nor the seller makes any warranty, expressed or implied concerning the use of this product other than indicated on the label. Buyer assumes risk of use of this material when such use is contrary to label instructions. Read and follow the label directions carefully.
