Subject: Label Amendment – Update Storage and Disposal Section and Adding New Marketing Content
Product Name: Pooltrine 60
EPA Registration Number: 8959-37
Received Date: 08/06/2021
Action Case Number: 00315579

Dear Joanna Holcombe:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. Pursuant to 40 CFR 156.10(a)(6) you must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. See FIFRA section 2(p)(2). If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process, FIFRA section 12(a)(1)(B). Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the

EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Assurance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Terria Northern by email at northern.terria@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Marcel Howard", written in a cursive style.

Marcel Howard, Product Manager (34)

Under the Federal Insecticide, Fungicide
and Rodenticide Act as amended, for the
pesticide registered under

EPA Reg. No. 8959-37

Net contents: ____ FL. OZ. (____ ml)

FIRST AID:

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eyelids open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes then continue, rinsing eye. Call poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

IN CASE OF EMERGENCY CALL: 1-800-654-6911

PRECAUTIONARY STATEMENTS**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION: Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wear long sleeved shirt and long pants, sock, shoes and waterproof gloves. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

PHYSICAL AND CHEMICAL HAZARDS:

Product is a reducer! Keep it away from oxidizing agents.

{Environmental hazards statement for end-use products in containers <5 gallons use only the first sentence; all others use the full paragraph.}

ENVIRONMENTAL HAZARDS

This product is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, ponds, streams, estuaries, oceans or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

[Read all precautionary statements before use.]

[Take a pool water sample to your authorized [BRAND] dealer regularly for a detailed water analysis.]

VISIBLE ALGAE GROWTH: Add 16 ounces of [brand or this product] per 10,000 gallons of pool water.

[For pools with visible algae growth, add an initial dose of 16 ounces per 10,000 gallons of water and remove settled debris by cleaning.]

INITIAL CLEAN WATER TREATMENT: Add 9 ounces of this product per 10,000 gallons of pool water.

MAINTENANCE: Add 3 ounces of this product per 10,000 gallons of pool water weekly.

Pools containing heavy algae growth must be cleaned prior to using [brand or this product]. It is necessary that a uniform distribution of this product be made throughout the water for maximum effectiveness. Apply this product directly to the pool water with the circulation system turned on. Allow ample time for product to be distributed before turning off the pump.

IMPORTANT NOTE: Always apply chemicals separately. Never combine them. Do not mix this product with any other material.

{Nonrefillable -Household/Residential}

STORAGE AND DISPOSAL

Keep this product dry in its tightly closed container when not in use. Nonrefillable container. Do not reuse or refill this container. Offer for recycling. If not available, discard in trash.

{All commercial use containers > 5 gallons}

STORAGE AND DISPOSAL

Do not contaminate food, feed, or water by storage or disposal.

Pesticide Storage: Keep this product dry in its tightly closed container when not in use.

Pesticide Disposal: Wastes resulting from the use of this product must be disposed of on site or at an approved disposal facility.

Container handling: Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent). Then offer for recycling. If not available, puncture and dispose of in a sanitary landfill or by other procedures allowed by state and local authorities.
