 Madison, WI 53091

DEC. AVAILABLE COPY

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(1)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration. Your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Place the words "EPA Registration No. 8959-41" to your label before you begin to ship.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

4. The conditions of registration with the registration will be subject to modification in accordance with FIFRA sec. 3(c) and other provisions of the Act.

5. Retain a copy of this label for your records.

### ACTIVE INGREDIENTS:

Polycryethylene (dimethyliminio) ethylene (dimethyliminio) ethylene  
dichloride 5.0%

### INERT INGREDIENTS:

95.0%

### CAUTION

KEEP OUT OF REACH OF CHILDREN

See Side Panel for Additional Cautions

Net Contents: 4 Liters

(Wt. per Gal. 8.35 lbs./1 kg/L)

Manufactured by  
Applied Biochemists, Inc.  
Mequon, WI 53092

8.9.2, pH 5.5

COOLER-TRINE™ is a blend of special chemicals that control the source of odor, scaling and corrosion in evaporative coolers. The efficiency and life cycle of your coolers is greatly enhanced and maintenance costs are reduced to a minimum by the reduction or elimination of scale which causes fouling or sticking of your pumps.

### DIRECTIONS FOR USE:

COOLER-TRINE™ is most effective when added to the reservoir of your evaporative cooler. Add 1 ounce per day of operation through the reservoir of your system. If treating manually, add 5 ounces of COOLER-TRINE™ to the water reservoir on a weekly basis.

### PRECAUTIONARY STATEMENTS

#### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Harmful if swallowed. May cause skin irritation. Harmful to skin and eyes. In case of contact, flush with water for at least 15 minutes. If eye irritation persists, consult a physician. Avoid contamination of food.

**DISPOSAL:** Do not reuse empty container. Dispose of in trash collection.

**ENVIRONMENTAL HAZARDS:** This product should not be added to lakes, streams, rivers, or other surface water by cleaning of equipment. Dispose of as directed on label.

**NOTICE:** Buyer assumes all risk of injury or damage contrary to the label instructions.
