Subject: Amended Interim Registration Review Decision Label Mitigation & Additional Labeling Revisions
Product Name: YellowTrine
EPA Registration Number: 8959-52
Received Date: November 19, 2021; September 30, 2022
Decision Number: 580274
Action Code: 00397904

Dear Joanna Holcombe:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the Registration Review of the above referenced product in connection with the Inorganic Halides Interim Registration Review Decision, and has concluded that your submission is acceptable.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. Pursuant to 40 CFR 156.10(a)(6) you must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised

labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. See FIFRA section 2(p)(2). If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process, FIFRA section 12(a)(1)(B). Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Erin Dandridge by phone at 202-566-0635 or via email at Dandridge.erin@epa.gov.

Sincerely,

Eric Miederhoff, Branch Chief
Reevaluation Branch
Antimicrobials Division (7510P)
Office of Pesticide Programs

Under the Federal Insecticide, Fungicide
and Rodenticide Act as amended, for the
pesticide registered under
EPA Reg. No. 8959-52

PRECAUTIONARY STATEMENTS:**HAZARDS TO HUMANS AND DOMESTIC ANIMALS.**

CAUTION: Harmful if swallowed, inhaled or absorbed through skin. Causes eye irritation. Avoid breathing dust. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking and using tobacco and using the toilet. Remove contaminated clothing and wash before reuse.

FIRST AID:

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give anything by mouth to an unconscious person.

IF IN EYES: Hold eyelids open and rinse slowly with water for 15 to 20 minutes. Remove contact lenses if present after 5 minutes then continue rinsing eye. Call poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

IN CASE OF EMERGENCY CALL: 1-800-654-6911**PHYSICAL OR CHEMICAL HAZARDS:**

Avoid contact with oxidizing agent other than as described in the directions for use. Do not directly mix this product with any other chlorinated product or other oxidizing agent.

Spill Information:

Clean up spills immediately. Contain and/or absorb spill with inert material (e.g. sand, vermiculite). Flush spill area with water. Use appropriate containers to avoid environmental contamination.

{Environmental hazards statement for end-use products in containers 5 gallons or less}

ENVIRONMENTAL HAZARDS:

This product is toxic to fish and aquatic organisms.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product is not for use in outdoor pools.

{Note to reviewer: the following directions are for a package with a 4 oz. measuring cap. All dosages are for 10,000 gallons of water}

TO REMOVE VISIBLE YELLOW OR MUSTARD ALGAE:

1. Brush walls and floor areas affected by yellow algae accumulations.
2. Apply 4 oz. [(1 capful)] of this product per 10,000 gallons as close to the affected areas as possible. For severe accumulations, double the above dosage.
3. Superchlorinate by adding [1 gallon liquid chlorinating compound or] 1 lb. (pound) of a dry chlorinating compound per 10,000 gallons. Swimming may be resumed a few hours after treatment.

WEEKLY MAINTENANCE TREATMENT:

To prevent accumulation of yellow algae:

(All dosages are for 10,000 gallons of water.)

1. With water temperature over 80 degrees, add 4 ounces [(1 capful)] of [brand or this product] with [1 gallon of liquid chlorinating compound or] 1 [lb. or pound) of a dry chlorinating compound once a week.
2. With water temperature under 80 degrees, add 2 ounces [(1/2 capful)] of [brand or this product] and [½ (one-half) gallon liquid chlorinating compound or] ½ lb. [or one-half pound] of a dry chlorinating compound once a week.

{Note to reviewer: the following directions are for a 6 oz. one-time use pouch. All dosages are for 15,000 gallons of water}

TO REMOVE VISIBLE YELLOW OR MUSTARD ALGAE:

1. Brush walls and floor areas affected by yellow algae accumulations.
2. Apply 6 oz. (1 pouch) of this product per 15,000 gallons of water as close to the affected areas as possible. For severe accumulations, double the above dosage.
3. Superchlorinate by adding [1½ gallon liquid chlorinating compound or] 1½ lb. (pound) of a dry chlorinating compound per 15,000 gallons. Swimming may be resumed a few hours after treatment.

WEEKLY MAINTENANCE TREATMENT:**TO PREVENT ACCUMULATION OF YELLOW ALGAE:**

Add 6 ounces (1 pouch) of this product with [1½ gallon of liquid chlorinating compound or] 1½ pound of a dry chlorinating compound once a week.

Discharge Directions for [Commercial] [and] [Residential] Pool Uses

Before draining a treated pool contact your local sanitary sewer and storm drain authorities and follow their discharge instructions. Do not discharge treated pool water to any location that flows to a gutter, storm drain or natural water body unless discharge is allowed by state and local authorities.

STORAGE & DISPOSAL:

{Nonrefillable container - household/residential use}

[Keep this product dry in its tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Nonrefillable container. Do not reuse or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available or discard in the trash.]

{Non-household/residential use and single-use, non-resealable package}

[Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Keep this product dry in its tightly closed container. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Offer for recycling if available or puncture and dispose in a sanitary landfill, or by incineration]

CAUTION: DO NOT MIX THIS CONCENTRATED PRODUCT WITH ANY CHLORINATED CHEMICAL OR ANY OXIDIZER PRODUCT.
