MANUFACTURED BY
INTERMOUNTAIN SOAP AND CHEMICAL COMPANY
205 So. 20th Street — Nampa, Idaho 83651

NET CONTENTS
ONE GALLON

SANITIZATION

To sanitize walls, floors and equipment in food processing plants, first clean thoroughly with a solution containing 1 ounce of EXCELLO per gallon of water. If surface is heavily soiled, use EXCELLO at a rate of 2-3 ounces per gallon to insure thorough cleaning. Sanitize cleaned surface with a rinse solution containing 1/2 ounce of EXCELLO per gallon of water. Those surfaces which will contact food must be rinsed with water of drinking quality before reuse.

DEODORIZATION

To deodorize surfaces during cleaning, mop or brush surfaces with a solution containing 2 ounces of EXCELLO per gallon of water. EXCELLO is an effective anti-bacterial cleaner designed for use in household, industrial and institutional cleaning. When used as directed, EXCELLO will disinfect hard surfaces, such as floors, walls, counter tops and furniture. It may be relied upon to deodorize bathroom areas, garbage pails, food storage areas, kennel areas and other areas where obnoxious odors may develop. This product may be used as a general purpose antibacterial-antifungal detergent in homes, schools, restaurants, hospitals, nursing homes, public rooms, food processing plants and in other places where efficient cleaning and antimicrobial action is desired.

See left panel for use directions.

WARNING KEEP OUT OF REACH OF CHILDREN

Causes severe eye irritation. Do not get in eyes, on skin or on clothing. Harmful if swallowed. Avoid contamination of food.

FIRST AID

In case of eye contact, immediately flush eyes with plenty of water for at least 15 minutes then get medical attention promptly. In case of skin contact, flush skin with plenty of water for at least 15 minutes. Remove and wash contaminated clothing before reuse. If swallowed, do **not** induce vomiting, drink large quantities of fluids and get medical attention immediately.
