

**NEW LEATHER SCENTED
EASY TO USE
ECONOMICAL**

TURGASEPT® Aerosol

Kills Most Germs

TURGASEPT Aerosol spray

- kills pathogenic bacteria, including the tubercle bacillus, and strains of Staph, Salmonella, and *Pseudomonas*
- kills Influenza A₂, herpes simplex, and vaccinia viruses on inanimate environmental surfaces*
- kills athlete's foot fungi on floor tiles and shower stalls

Prevents Mold and Mildew

Also inhibits regrowth when sprayed as directed.

DIRECTIONS FOR USE:

TO SANITIZE AND DEODORIZE THE AIR: Close doors and windows. Direct spray upward, distributing evenly throughout the area until the scent becomes evident. Use sparingly. Do not fog the area.

TO DISINFECT ENVIRONMENTAL SURFACES (SUCH AS BATHROOM BASINS, EMPTY WASTE RECEPTACLES, AND PET ANIMAL AREAS): Scrub clean, then hold aerosol container upright 6" to 8" from surface and spray until moist. Do not spray directly on plasticized or varnished surfaces.

TO INHIBIT GROWTH OF FUNGI, MOLD, AND MILDEW ON HARD SURFACES (SUCH AS TILE), LEATHER, AND WOOD: Scrub clean, then spray until moist. Repeat as necessary should new growth appear. Do not spray directly on plasticized or varnished surfaces.
