# PENGUIN-DOWN DRI-DIE

\$1.98

**KEEP OUT OF REACH OF CHILDREN**

## Penguin-Down DRI-DIE

Penguin-Down Dri-Die kills cat, dog and rodent fleas; ants; cockroaches, on contact.

### DIRECTIONS

Penguin-Down Dri-Die kills insects on contact through a physical-chemical action. It is odorless, non-staining — may be used anywhere in the home, factory, or other site without damaging materials of any kind. It kills roaches on contact.

**Roaches:** (German, Brown-Banded, Oriental) — Distribute Penguin-Down Dri-Die at the rate of one ounce per 50 sq. ft. of floor area in visible concentration between and behind appliances, e.g., refrigerators, stoves. Apply a continuous visible film on and behind all moldings, shelving edges, around pipe openings, in cracks and crevices where the insects may hide.

**Ants:** Same directions as roaches.

**Fleas:** Surfaces of kennels should be dusted at rate of one ounce per 50 square feet.

**CAUTION:** Avoid Prolonged Inhalation. Avoid contamination of food.

**ACTIVE INGREDIENTS 100%:** Amorphous Silica Gel 94.4%, Ammonium Fluosilicate 4.6%, Pyrethrins 1.0%.
