

**DIRECTIONS**

**ROACHES, ANTS, SPIDERS, SILVERFISH, CLOVERMITES AND EARWIGS:** Apply by means of coarse spray, paint brush, or low pressure spray bomb to window sills, baseboards, drainboards, under sinks, stoves, cracks, crevices and to other areas frequented by insects.

**CARPET BEETLES AND CLOTHES MOTHS:** Apply to baseboards, floors (including areas under carpets, along margins of carpets and in closets), behind radiators and other hot accumulation areas, closet shelves and walls, and infested surface areas of carpeting. If clothing or woolen goods are to be protected from clothes moth attack, they should receive regular treatment with a mothproofing material.

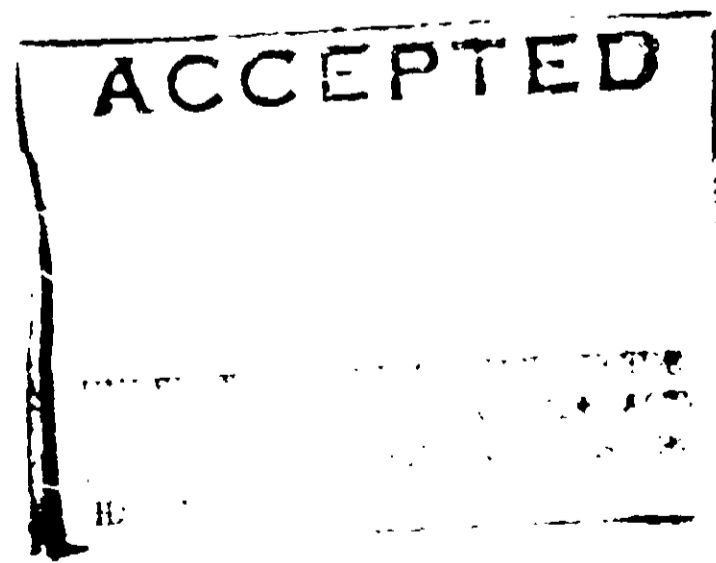

Apply to all surfaces to be treated.

Apply to surfaces until wet.

Do not inhale spray. Take care to avoid contact with all cracks and crevices.

Do not inhale spray. Avoid contact with eyes or clothing.

For other applications see directions on label.
