# ROXIDE DDVP TECHNICAL

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. 9086-11

### ACTIVE INGREDIENTS:

Dichlorvos	
(2,2-Dichlorovinyl dimethyl phosphate)	93.0%
Related Compounds	7.0%
Total	100.0%

**KEEP OUT OF REACH OF CHILDREN**

**DANGER  
PELIGRO**

**POISON**

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle. (If you do not understand the label, find someone to explain it to you in detail.)

### STATEMENT OF PRACTICAL TREATMENT

**IF SWALLOWED:** Call a physician or Poison Control Center immediately. Induce vomiting by giving victim 1 or 2 glasses of water and touching back of throat with finger. Never induce vomiting or give anything by mouth to an unconscious person.

**IF INHALED:** Remove victim to fresh air immediately. Apply artificial respiration if indicated. Get medical attention.

**IF IN EYES:** Hold eyelids open and flush with a steady, gentle stream of water for 15 minutes. Get medical attention.

**IF ON SKIN:** Remove contaminated clothing immediately and wash affected area with soap and water. Call a physician immediately. Wash clothing before reuse.

### NOTE TO PHYSICIAN - POISONING SYMPTOMS:

Symptoms include weakness, headache, tightness in chest, blurred vision, non-reactive pin point pupils, salivation, sweating, nausea, vomiting, diarrhea, and abdominal cramps.

**TREATMENT:** Atropine is the specific therapeutic antagonist of choice against parasympathetic nervous stimulation. If there are signs of parasympathetic stimulation, Atropine Sulfate should be injected at 10 minute intervals in doses of 1 to 2 milligrams until complete atropinization has occurred. Pralidoxime chloride (2-PAM) may also be used as an effective antidote to and while maintaining full atropinization. In adults, an initial dose of 1 gram of 2-PAM should be injected, preferably as an infusion in 250 cc of saline over a 15 to 30 minute period. If this is not practical, 2-PAM may be administered slowly by intravenous injection as a 5 percent solution in water over not less 2 minutes. After about an hour, a second dose of 1 gram of 2-PAM will be indicated if muscle weakness has not been relieved. For infants and children the dose of 2-PAM is 0.25 gram. Morphine is an improper treatment. Clear chest by postural drainage. Oxygen administration may be necessary. Observe patient continuously for 48 hours. Repeated exposure to cholinesterase inhibitors may without warning cause prolonged susceptibility to very small doses of any cholinesterase inhibitor. Allow no further exposure until cholinesterase regeneration has been attained as determined by blood test.

See back panel for additional precautionary statements

## PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS DANGER

POISONOUS IF SWALLOWED, INHALED OR ABSORBED THROUGH SKIN AND EYES. RAPIDLY ABSORBED THROUGH SKIN. REPEATED INHALATION OR SKIN CONTACT MAY, WITHOUT SYMPTOMS, PROGRESS TO DICHLORVOS (DDVP) POISONING.

Do not swallow or get in eyes, on skin or on clothing. Do not breath vapor. Wash clothing before reuse.

### REQUIRED PROTECTIVE CLOTHING

Persons who handle this product must wear the following protective clothing:

- Protective suit of one or two pieces covering all parts of the body except head, hands and feet.
- Chemical resistant gloves
- Chemical resistant shoes (or chemical resistant shoe coverings or chemical resistant boots)
- Respirator with either an organic vapor removing cartridge with a prefilter approved for pesticides (MSHA/NIOSH approval number prefix TC-23C), or a canister approved for pesticides (MSHA/NIOSH approval number prefix TC-14G)
- Chemical-resistant apron

### ENVIRONMENTAL HAZARDS

This product is toxic to birds, fish and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

### CHEMICAL & PHYSICAL HAZARDS

Keep away from heat or open flame.

### DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

Read entire label. Use strictly in accordance with precautionary statements and directions, and with applicable State and Federal regulations.

FOR FORMULATION OF DICHLORVOS INSECTICIDE PRODUCTS ONLY AS LISTED ON THIS PRODUCT LABEL. This product is intended only for use in the formulation of other Dichlorvos insecticide products. Products formulated using Roxide DDVP Technical will require registration with the U.S. Environmental Protection Agency. This product is for formulation into end-use products intended only for use on the following sites. Formulators using this product are responsible for obtaining EPA registration of their formulated products and to provide data to support their registrations. The use sites for which Dichlorvos products may be used are formulation specific.

EPA Registration No. 9086-(to be assigned)  
EPA Establishment No. 9086-NY-001  
Net Weight 600 pounds

Roxide International  
P.O. Box 249  
New Rochelle, NY

**BEST AVAILABLE COPY**

Any limitations, restrictions or instructions stated below for any particular use site or formulation must be incorporated in the "end-use" label language.

**IMPREGNATED RESIN PEST STRIPS**

Homes, cabins, garages, basements, motels, museum collections, insect traps, campers, trailers, garbage cans, catch basins, trash dumpsters, animal buildings, milk rooms and enclosed utility boxes. Non-perishable packaged and bagged and bulk stored processed and raw agricultural commodities (including soybeans, corn, grains, cocoa beans and peanuts).

1. Do not use in hospitals or clinical rooms, such as patient rooms, wards, nurseries, operating or emergency areas. Do not use in any rooms where infants or the sick or aged are or will be present for any extended period of confinement. Do not use in kitchens, restaurants or areas where food/feed are prepared or processed. Not to be taken internally by humans or animals. Do not use in food/feed processing or food/feed manufacturing areas of food/feed processing and food/feed manufacturing plants.

2. It is strongly recommended that all resin pest strips for use by homeowners or in homes be packaged in a cage that allows application (dispensing) with minimal contact with the strip, is difficult to open and be approved by Roxide International prior to sale.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**STORAGE:** Store product in original container in a cool, dry, locked place out of the reach of children.

**PESTICIDE DISPOSAL:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL:** (Metal) Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities. (Plastic) Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

**NOTICE OF WARRANTY AND DISCLAIMER**

This product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use. Manufacturer is not responsible for the use of this product contrary to the label instructions, or under abnormal conditions not reasonably foreseeable to the manufacturer and/or seller and the buyer assumes the risk of any such uses.
