EXPORT OF RVPENT OF COLUMBIA

(Back Panel)

RVPellentTM, with the insect repellent "DEET", also protects against sunburn with the widely-accepted RVP[®] ultra-range sunscreen in a new, thinner, mild-perfumed cosmetic base. RVPellent contains over 7% Elder Red Ferrocolum (RVP) for longer protection - Resistant to perspiration, water, and wear. Repels mosquitoes, biting flies, gnats, and fleas on exposed skin areas.

"DEET" may dissolve or soften some fibers, plastics, and lacquer surfaces.

* Cosmetic RVP - Elder Modified Sunscreen Base.

ELLER, FERRER CO. - Bryan, Ohio, U.S.A.
