#### DIRECTIONS FOR USE

**To Kill Accessible Adults and Other Accessible Stages of Listed Insect Pests\* of Stored Food (stored in multiwall paper bags or in cloth bags) in Warehouses, Storage Rooms and Similar Locations:** Close room or warehouse and shut off all ventilating systems. Use a spraying device similar to the Microsol machine, or use fixed ceiling sprayers that produce a very fine spray. Use a dosage of one fluid ounce of this spray per 1000 cubic feet of room space. Repeat applications as necessary for insect control.

\*Among these are the Rice Weevil, Yellow Meal Worm, Cadelle, Confused Flour Beetle, Saw-Toothed Grain Beetle, Angoumois Grain Moth, Mediterranean Flour Moth and Indian Meal Moth.

**To Kill Flies, Mosquitoes and Gnats:** Close room and discharge spray mist as described above. Use a dosage of 1/2 to 1 fluid ounce per 1000 cubic feet of room space. Leave room closed for at least ten minutes. Sweep up and destroy fallen insects. Repeat as necessary for control. Do not remain in closed treated areas. Ventilate when treatment is complete.

**As a Surface Spray to Kill the Accessible Stages of Granary Insects such as Weevils, Flour Beetles, Meal Moth Larvae and Adults, Cadelles and Saw-Toothed Grain Beetles:** Apply as a coarse, wet spray to all areas infested by these insects. Use a dosage of 1 gallon per 1000 square feet. Pay particular attention to cracks and crevices in floor, walls and ceilings. Spray thoroughly around and into floor drains, conveyors and other areas where granary insects may be found. (For Flying Moths and Beetles, treat as for Flies, Mosquitoes, and Gnats. See above.)

Do not apply this spray to surfaces that may come in contact with food; excessive residues in food may result.  
**To Kill Roaches, Silverfish and Waterbugs in Sheltered Situations:** Apply this spray with a sprayer that produces coarse, wetting droplets into all cracks and crevices in woodwork, floors, underneath sinks, areas behind pipes, and in all places where these insects shelter. Contact as many insects as possible. Repeat as necessary for control. Do not allow spray to contact any stored food. Do not apply in edible products of federally inspected meat, poultry and egg packing plants.

Do not reuse empty drum. Return to drum conditioner or destroy by perforating or crushing and burying in a safe place.

Do not store, pour or spill near heat or open flame.

Keep container closed.

**CAUTION**

KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. Do not apply directly to food. Cover or remove all food processing equipment during application. Do not apply while food processing is underway. After spraying in meat packing plants, bakeries and other food processing plants, wash with potable water all equipment, benches, shelving, etc. where exposed food will be handled.
