

CARE & USE

ANIMALS CLASSIC AF

This is a water-soluble, fast-drying formula. It may be applied to fabrics by shaking well before each use. Do not apply directly to skin. Apply spray away from people. Hold bottle upright. Apply this product only on products listed below. INDOORS - ANTS, HOUSEFLIES, MOSQUITOES, ANGULANTS. Close all doors and windows. Hold bottle upright, direct the spray at the flight paths of the insects, especially w. low and off the light, sun, which attracts these insects. For the best results, wait until they leave the treated area. Keep the nozzle angled back at least 15° minute. Ventilate the room when treatment is completed. INDOORS - KUTTER'S BROWNS, BEETLES, BEETLES, FLEAS, SPIDERS, WORMS, SCORPIONS, SPIDERS AND CENTIPEDES. Spray thoroughly into hiding places such as cracks, crevices and corners, under and around pipes, and sinks, and in corners of baseboards and storage areas. Spray directly on insects where possible. Repeat as necessary. ANIMALS - FLEAS ON DOGS, CATS. Apply directly to the skin, back, under front legs, and on other areas not likely to contact skin and insure good coverage. Hold nozzle about one foot from which you are spraying. Apply spray thoroughly, hold bottle upright, direct the spray at the surface of the animal's bedding and the ceiling. If the surface is slightly moist, spray again. If the surface is dry, spray again. If the surface is extremely dry, spray twice. Allow spray to dry completely before reapplication. Do not spray directly on eyes or nose. Do not spray on sensitive areas such as ears, nose, mouth, etc. Do not spray on sensitive areas such as ears, nose, mouth, etc. Do not spray on sensitive areas such as ears, nose, mouth, etc.
