Not Reviewed. Registrant claims to be in accordance with  
 Registration of Pesticide Products for Phase 2  
 Regulations, Page 2.12, Section 2.12.1 (b) (5) (A).

**PRECAUTIONARY STATEMENTS  
 HAZARDS TO HUMANS AND DOMESTIC ANIMALS  
 CAUTION**

Harmful if swallowed. Avoid inhalation of vapors. Avoid contact with skin, eyes or clothing. Wash contaminated skin promptly with soap and warm water. For eyes, flush with plenty of water and get medical attention if irritation persists. Avoid contamination of food and food stuffs. Do not use in commercial food processing, preparation, storage or serving areas in home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover or remove pets, birds and cover fish aquariums before spraying.

**DIRECTIONS FOR USE**

**GENERAL CLASSIFICATION**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

**PHYSICAL HAZARDS**

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

Storage: Store in a cool, dry area away from heat or open flame. Contents under pressure. Do not use or store near heat or open flame. Exposure to temperatures above 120°F may cause bursting.

Disposal: Replace cap and discard container in trash. Do not incinerate or puncture. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

To kill ticks: Remove and destroy old pet bedding. Apply this product as for other insects. Put fresh bedding in pet quarters after treatment. Treat dogs and cats with a registered tick control product before allowing them to enter. Cover exposed foods, dishes and food handling equipment. Open cabinets and doors to area to be treated. Shut off fans and air conditioners. Put out all flames and pilot lights. Close doors and windows. Point valve turning away from face and eyes when releasing. Use one can for each 0.000 cubic feet of unobstructed area. Use additional cans where free flow of mist is not assured. Do not remain in the area during treatment and ventilate thoroughly before re-entry.

TO OPERATE VALVE: To lock valve in open position for automatic discharge, press valve button all the way down, hooking the catch. Then place the fogger on stand or table in center of room with valve locked opened, placing several layers of newspaper on pad under fogger. Leave building at once and keep building closed for four hours before airing out. Open all doors and windows and allow to air for 30 minutes. Repeat spraying in two weeks or when necessary.

**KILLS:** Houseflies, Mosquitoes, Black Carpet Beetles, Sawtoothed Grain Beetles, Rice Weevils, Small Flying Mites, Spiders, Centipedes, Ticks, Wasps, Pill Bugs, Crickets, Silverfish. Aids in the control of Cockroaches and Waterbugs.

For use in rooms, apartments, hotels, motels, basements, campers, trailers, garages, pet sleeping areas, household storage areas, cabins. Made for Industrial and Institutional Use Only.

# TOTAL Release Fogger
