Spray directly on ants where possible. Repeat as necessary.

DIRECTIONS FOR USE (Continued on side panel)

**DIRECTIONS FOR USE (Continued)**

**FLEAS, BROWN DOG AND LONE STAR TICKS:** Thoroughly apply as a spot treatment to infested areas such as pets' beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and baseboard areas of floor and floor covering where these pests may be present. Old bedding of pets should be removed and replaced with clean fresh bedding after treatment. **DO NOT TREAT PETS WITH THIS PRODUCT.** Treat pets with a product registered for animal application to control the source of flea and tick infestation.

**CARPET BEETLES:** Thoroughly apply as a spot treatment along baseboards and edges of carpeting, under carpeting, rugs and furniture, in closets and on shelving, and wherever else these insects are seen or suspected.

**ATTENTION (PESTS INDOORS):** Do not apply water-base sprays of this product in condenser, motor bearings, junction and switch boxes or other electrical equipment because of possible shock hazard. If there is need to treat such areas, use dry oil-base sprays. Prior to application, de-energize electrical equipment. After application allow time for oil to evaporate before starting motor or closing switches in the "ON" position. **RESIDUAL EFFECT:** Kills in the homes of COCKROACHES, CRICKETS, SILVERFISH, CENTIPEDES, MILLIPEDES, EARWIGS, SOLEBUGS, KILLS up to 4 weeks. Apply on baseboards, cracks and crevices around door and window frames, and other hiding places such as closets, in back of and under appliances, sinks and cupboards in kitchens and bathroom, in basements, apply in hiding places in cracks and crevices, lower walls and dark places. Apply as a coarse wet spray in a 6 inch band until area is thoroughly wet but not to the point of run-off. Treat on a monthly basis or as necessary.

**PESTS OUT-OF-DOORS**

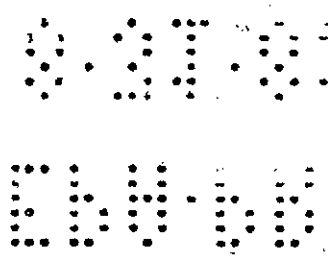

**HOUSEFLIES, MOSQUITOES, BUTTERFLIES:** For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages, and other places where these insects might be congregating. Repeat as necessary. **ANTS, BROWN DOG TICKS, CRICKETS, FLEAS AND EARWIGS OUTDOORS:** For treatment of localized infestations of these insects in outdoor areas where there are nests or dirty harborage areas, infested areas thoroughly. For ants, thoroughly wet hole and runways. Repeat application as infestations warrant and as reinfestations occur.
