NOTICE OF PESTICIDE:  REGISTRATION  
 REREGISTRATION  
(Under the Federal Insecticide, Fungicide,  
and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Chemscope Corporation  
3200 East Pandoj Mill Road  
Arlington, TX 76011

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

1. a. This product is conditionally registered in accordance with the provisions of section 3(c)(1)(B) of the Act, or the condition that you will submit additional data for reregistration, reregistration of your product under section 3(c)(1)(F) when the Agency requires all registrants to do so. You must submit such data.

b. If the Agency issues a notice to attempt to cancel registration of this product under section 5 of the Act, in significant part because of the risks posed by the presence of [redacted], the notice will state that the continued sale and distribution of existing stocks of this product after the date of cancellation will not be permitted. The registration of this product is approved on the condition that you will not request a hearing to challenge such an existing stocks provision in a hearing of intent to cancel.

2. Add the phrase "EPA Registration No. 9143-105" to your label before you release the product for shipment.

3. On the front panel, change the signal word from "CAUTION" to "WARNING."

### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS WARNING

May be harmful if swallowed or absorbed through the skin. Do not get in eyes. Avoid breathing spray mist. Avoid contact with skin clothing. Wash thoroughly with soap and water after handling.

#### STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center immediately. Drink 1 or 2 glasses of water and induce vomiting by tickling back of throat with finger. Do not give anything by mouth to an unconscious person. IF INHALED: Remove affected person to fresh air. Apply artificial respiration if indicated. IF IN EYES: Flush with plenty of water. Contact a physician if irritation persists. ON SKIN: Remove contaminated clothing and wash affected area of skin with soap and water. Contact a physician if irritation persists. Wash clothing with soap and water before re-use. NOTE TO PHYSICIAN: Bendiocarb is a cholinesterase inhibitor. Atropine sulfate 2 mg. should be given by injection and repeated as necessary until fully atropinized.

#### ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

#### PHYSICAL & CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause bursting. Buyer assumes all risks of use, storage or handling of this product not in strict accordance with directions given herewith.

#### STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry place inaccessible to children or pets. Exposure to temperatures above 120°F may cause bursting. DISPOSAL: Replace cap, wrap container in several layers newspaper and discard in trash. Do not incinerate or puncture.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner consistent with its labeling. Do not use as a space spray indoors. To be used in and around homes, apartments, commercial buildings, kennels, barns, patios, institutions, warehouse theaters, office buildings, schools, motels, hotels, transformer electrical boxes and those areas where wasps, hornet and yellow jacket nests are generally located. To operate, remove protective cap and depress button, being sure to aim spray opening at the location to be sprayed. Direct spray wasps, hornets and yellow jackets whenever possible and uncovers, into nests, cracks, holes or crevices wherever insects are noticed. Spray for about 10 seconds or until surface is moist in insecticide. To prevent entrance of insects into the house, spray around points where outside plumbing, faucets, etc. enter the house and into any cracks or crevices in foundation as well as along sills and ledges. Kills wasps, hornets, and yellow jackets: This spray is fast-acting when insects are hit directly. With the breeze at back, thoroughly spray the nest until it is soaked. Allow about 24 hours for those insects which were not directly hit by spray to leave the area. If insects should return to the treated area, spray again. This container delivers a stream type spray, making it possible for the operator to stay back from the places sprayed. This formulation utilizes synergized Bendiocarb, a combination specifically effective on this class of insects. Application should be made in the evening when the hornets are at rest.
