ITEM 305

**Economical  
Efficient  
Stable**

Sun Algaecide is compatible with all swimming pool chemicals and is non-injurious to metal, paint, plastic and tile.

Sun Algaecide when used as directed, will improve the appearance and cleanliness of the pool.

Sun Algaecide may be stored for prolonged periods of time without losing its effectiveness or strength.

Sun Algaecide requires no special equipment for treating water. May be added directly to the pool in any spot or added to the water-circulation equipment.

"This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds, or public water. Apply this product only as specified on the label."

**ALGAECIDE**

EPA REG. No. 9157-1

**CONCENTRATED**

**SUN ALGAECIDE IS FOR CONTROL OF  
ALGAE GROWTH IN SWIMMING POOLS**

Active Ingredient:  
\*Dodecylbenzyl Trimethyl Ammonium Chloride 50%  
Inert Ingredient: Water ..... 50%  
\*C12 - 95% C8 - C-18 - 5%

Since empty container thoroughly with water and discard it.

**DANGER:**

Keep Out of Reach of Children. Corrosive. Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food. Do not use with soap or anionic detergents.

**FIRST AID:**

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

**NOTE TO PHYSICIAN:**

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

**DIRECTIONS FOR USE**

**Initial Application**

2 ounces per 3910 gals. water or ratio thereof.

**Continuing Application**

1 ounce in 7820 gallons of water every 3-5 days when the weather is warm-humid. In cool or cloudy weather, the above dose every week.

**Booster Application**

1 ounce per 7820 of water after a heavy or prolonged rainfall, or when there is a heavy bathing load.

The Above directions should be followed even when the pool is not in use.
