**DIRECTIONS FOR USE**

**Initial Application**  
(original filling)

8 ounces per 5,000 gals. water  
or ratio thereof.

**Continuing Application**

2ounce in 5,000 gallons of water  
every 3-5 days when the weather is  
warm-humid. In cool or cloudy  
weather, the above dose every other week.

**Booster Application**

2 ounce per 5,000 gallons of water  
after a heavy or prolonged rainfall,  
or when there is a heavy bathing load.

The above directions should be followed  
even when the pool is not in use.
