SUN SOLAR CLOR granular product is used to treat your pool water. It is recommended to be added directly to the pool.

RECOMMENDATIONS

Initially, follow conditioning your pool water. Add 1 oz. water daily or as a to 15 ppm residual by a test kit. Cl pool should be intervals, especially extreme heat or heat.

PREPARING

Add SUN condition slowly through the 1 lb. per 5,000. Conditioning is done so the chlorine level starts to maintain a chlorine level. This is done only of the pool season. growth of algae start of the season. works with 1 gallon of an additional 7 of SUN SOLAR CLOR or SOLAR CLOR daily to the pool. distribute. Resume swimming residual has dropped to a pH level of 7.5. If it is above 7.5, if it is below 7.2, an
