

16 fl. oz. NDC 0021-0610-16 List No. 630

KWELL Shampoo

gamma benzene hexachloride, 1%

FORMULA: Active ingredient Lindane (gamma benzene hexachloride, U.S.P.) 1%. Inert ingredients: 99% in a cosmetically pleasant shampoo base containing polyoxyethylene sorbitan monostearate, triethanolamine lauryl sulfate, acetone and purified water.

CAUTION: Federal law prohibits dispensing without prescription.

FOR EXTERNAL USE ONLY

CAUTION: KEEP OUT OF REACH OF CHILDREN

Read both panels. See insert for additional information on Precautions and Directions for Use.

Manufactured for
REED & CARNRICK, Kenilworth, N. J. 07033
by Reedco Inc., Humacao, P. R. 00661

ADVERSE REACTIONS: Eczematous eruptions due to sensitization of this product have been reported.

DIRECTIONS: KWELL Shampoo: 1) Pour 1 oz. (2 tablespoons) onto affected area. 2) Rub vigorously being sure to wet all hairy areas with the shampoo. 3) Wet hair with warm water and work into a luxuriant lather for at least 4 minutes. 4) Rinse hair thoroughly and rub with dry towel. 5) Comb with fine-tooth comb to remove any remaining nit shells. A second application is seldom needed. If necessary, repeat treatment in 24 hours but not more than twice in one week.

EPA Reg. No. 9160-1

EPA EST No. 09273-PR-1

INDICATIONS: KWELL Shampoo is indicated for the treatment of head lice (Pediculosis capitis) and crab lice (Phthirus pubis) and their nits.
CONTRAINDICATIONS: KWELL Shampoo is contraindicated in individuals who develop hyper sensitivity to the product or to any of its components.
WARNING: Lipoid solvents enhance the percutaneous absorption of gamma benzene hexachloride. Prolonged or repeated applications should be avoided. Specific anti-infective measures should be instituted where secondary infection is present.
PRECAUTIONS: If accidental ingestion occurs, prompt institution of gastric lavage will rid the body of large amounts of the toxicant. However, since oils favor absorption, saline cathartics for intestinal evacuation should be given rather than oil laxatives. If accidental contact with eyes occurs, flush with copious amounts of water. If sensitization occurs, discontinue the product and consult physician.
