KEEP OUT OF REACH OF CHILDREN

KINNER PRODUCTS COMPANY
PATASKALA, OHIO

DANGER: CONTAINS HYDROCHLORIC ACID.

ANTIDOTE: EXTERNAL: Wipe off the acid gently, immediately flood surface with water using soap freely, then cover with moist baking soda or magnesia.

EYES: Wash with water for 15 minutes, get prompt medical attention.

INTERNAL: "CALL PHYSICIAN IMMEDIATELY". Drink a teaspoon or more of magnesia, chalk, whitening, or small pieces of soap softened with water, in milk, mucilage or raw egg whites.

K WHITE

BOWL CLEANER

K-White, liquid bowl cleaner, quickly dissolves porous lime deposits and uric acid stains. Offensive odors are eliminated by removing the source. Dangerous bacteria, such as staphylococcus aureus, are instantly destroyed. Removes rust and green verdigris stains around plumbing.

K-WHITE is Bactericidal — Fungicidal

DIRECTIONS

- To clean, deodorize and disinfect toilet bowls and urinals.
1. Remove water from bowl by forcing over trap with K-White applicator.
 2. Press water out of applicator.
 3. Holding bottle over bowl or urinal, apply 2 ounces of K-White to applicator.
 4. Clean entire unit, especially under rim at water outlets.
 5. Flush and rinse out applicator.

CAUTION: Do not use on sinks, bath tubs, or any surface except vitreous toilets and urinals. Use of this material on other than vitreous ware is done at user's risk. K-White will not harm bacteria content of septic tanks.
